

## ANNUAL MEETING BOARD OF TRADE FRIDAY EVENING

Election of Directors Occurs at Finely  
Appointed Banquet at Plymouth  
Congregational Church

MAY CONSOLIDATE WITH OTHER ORGANIZATIONS

President Spencer Made Report of Past Year's  
Work Also Suggesting Vote of Appreciation  
for Everett Gift to the City Hospital--  
Dues Reduced and Meetings May  
be Held More Frequently.

### Directors of the Board of Trade for the Year 1911.

Black, F. M.—Attorney-at-Law.  
Carroll, John J.—Merchant and  
and Capitalist.  
Evans, Fred C.—President Ev-  
and Supply Co.  
Irwin, James F.—Superintendent  
B. & O. R. Co.  
Mazey, W. H.—Manager Scott-  
Griggs Co.  
Miller, Chas. W.—Attorney-at-  
Law.  
Miner, W. F.—Assistant Gen.  
Mgr., Holophane Co.  
Norrell, Carl—Attorney-at-Law.  
Spencer, C. H.—Manager Advoca-  
cate.  
Stasel, A. A.—Attorney-at-Law.  
Wells, W. C.—Secretary Board  
of Trade.

A general movement looking to  
ward the early consolidation of the  
two representative organizations of  
business men of the city of Newark  
was the direct outcome of discussions  
and remarks by the heads of these  
organizations, as represented in the  
Newark Board of Trade at its annual  
election of directors and regular  
yearly banquet held last evening in  
the banquet room of Plymouth Con-  
gregational church.

It is highly probable that monthly  
meetings of the Board of Trade will  
be the ultimate outcome of last  
night's discussions.

Consolidation of the Newark Busi-  
ness Men's Association and Board  
of Trade, which is looked upon as  
an early probability, will mean much  
additional advantage to the city.  
Looking toward that end, and on  
motion of Mr. William H. Smith, it  
was agreed that a committee of three  
members of the Board of Trade be  
appointed to confer with a similar  
committee of the Business Men's As-  
sociation, and this joint committee to  
arrange the program for a joint  
meeting of the Board of Trade and  
the Business Men's Association, to be  
held the first Thursday of January  
at Plymouth Congregational church.

From the standpoint of enthusi-  
asm, matters taken under considera-  
tion, and reports of the officers of the  
board, the meeting Friday night was  
a complete success. It was, with a  
few exceptions, almost the entire  
membership of the Board of Trade  
and a few especially invited guests,  
that was seated at the tables in the  
basement of Plymouth church last  
night. The dinner served by the wo-

men of the church was delightfully  
arranged and prepared. The menu  
consisted of roast turkey, with gravy,  
dressing and cranberry sauce, fried  
oysters, fruit salad, ice cream, cake,  
coffee and cigars.

Seated at the head of two parallel  
tables were the officers and directors  
of the board. Mr. Carl Norrell was  
chosen chairman and Mr. L. B. Rich-  
ards secretary.

The meeting was called to order  
by President C. H. Spencer of the  
board, and after the selection of  
chairman and secretary, the regular  
business was taken up.

The election of directors for the  
ensuing year was accomplished from  
the nomination of 22 members, from  
which list the following were elected  
directors for the year 1911:

F. C. Evans, W. C. Wells, Carl  
Norrell, James F. Irwin, W. H. Ma-  
zey, John J. Carroll, F. M. Black, C.  
W. Miller, A. A. Stasel, C. H. Spencer  
and W. P. Miner.

One of the earliest matters of im-  
portance to be taken up was the re-  
duction of the board's annual mem-  
bership dues from \$10, to \$5, the  
latter having been the original mem-  
bership fee. The reduction was unani-  
mously favored.

The reports of the officers made  
excellent showings for the accom-  
plishments of the board during the  
past year.

C. H. Spencer, president of the  
Board of Trade, made the following  
report to the membership:

"To the outsider or the member  
who is not in close touch with the  
organization, it doubtless appears that  
the Board of Trade has been inactive  
during the past year but the failure  
to bring to town during this period  
any large industry should not be  
taken as an indication of lack of ef-  
fort or indifference. Many prospects  
have been investigated but all have  
been rejected for one of two reasons  
(1) The proposition either lacked  
merit or was doubtful or (2) the re-  
quirements in cash bonus or stock  
subscription appeared too large to jus-  
tify the effort. Rather than recommend  
a project that seemed in any way  
doubtful or too burdensome the direc-  
tors decided to await a proposition  
which they could unhesitatingly in-  
dorse.

At this point Mr. Spencer went into  
details regarding an important indus-  
trial proposition which the Board  
has under consideration but the pub-  
lication of the matter at this time  
would tend to injure the chance of  
success.

Continuing Mr. Spencer said: "A  
compilation of figures from authori-  
tative sources within the past few  
days shows the pay-roll of thirteen  
of the chief industries of Newark to be  
at the present time over \$50,000 a  
week, more than \$1,000,000 per annum.  
The past year has witnessed a revival  
of industry at the great Wehrle four-  
mills and the American Bottle plant as  
well as in many of the smaller fac-  
tories of the city. The Newark Furni-  
ture Company is doubling its capacity,  
the Holophane plant has witnessed a  
heavy growth, the Smith Shoe Com-  
pany has grown so that its present  
payroll is \$1,000 a week whereas by  
agreement with the Board of Trade  
its payroll should be not less than  
\$750. The Burke Golf Shaft company  
is a new and promising industry of  
the city. An export trade has already  
developed and as the plant is equipped  
with modern apparatus and is well  
managed, growth seems sure. Within  
the past few days members of the  
Board have been instrumental in in-  
ducing the Central City foundry to lo-  
cate in West Newark.

"In the past year four conventions  
have been held in Newark, the meet-  
ings of the Ohio publishers last March,  
the Ford Automobile agents, and State  
Charities during the fall, and the Y.

M. C. A. boys a few days ago. The  
Board of Trade assisted materially in  
the entertainment at three of these  
conventions but the Y. M. C. A. took  
care of the expenses of its convention  
without the Board's financial help.  
Each of these meetings served to ad-  
vertise Newark and in every instance  
the cost was repaid in a substantial  
way.

"An important feature of the Board's  
work this year was the part it took  
in bringing about a settlement of the  
Water Works problem. The directors  
appointed a strong committee of which  
Mr. J. F. Irwin was chairman and this  
committee made an exhaustive  
study of the situation, recommending  
the purchase of the old plant and the  
city authorities acted in accordance  
with the Board's recommendation.  
The men who made a careful study of  
the matter and who as business men  
viewed the problem from every angle  
men who were actuated only by the  
highest motives, are firm in their be-  
lief that the action that has been taken  
will save the city many thousands of  
dollars. The directors of the Board  
thoroughly reviewed the committee's  
report and then referred it to the city

## HUSBAND

RETURNING AFTER SEVERAL  
YEARS' ABSENCE, FOUND  
WIFE HAD RE-MARRIED.

In Retaliation It Is Alleged That He  
Burned Father-in-Law's Barn  
and Made Dire Threats.

New Lexington, O., Dec. 3.—Re-  
turning after several years' absence  
to find that in the interim his wife  
had secured a divorce and married  
again, Floyd Moats apparently de-  
cided that Enoch Arden had been a  
fool. At any rate he is alleged to  
have started to reclaim his wife by  
threatening to dynamite her father's  
home and murder her present hus-  
band unless she return to him. He is  
charged with posting whitecap no-  
tices, threatening dire things to the  
citizens unless they forced his wife  
to divorce her present husband and  
marry him again. Last night Moats'  
former father-in-law's barn was  
burned and Moats was arrested,  
charged with setting it on fire. He  
declares he is innocent.

## BANDITS

Held Up Railway Station, Murdered  
Agent and Escaped With the  
Booty.

Salt Lake City, Utah, Dec. 3.—A  
report reached here today that band-  
its have held up the Union Pacific  
station at Devil's Slide Utah, mur-  
dered the agent and escaped with all  
the money on hand, after cutting  
telegraph and telephone wires.

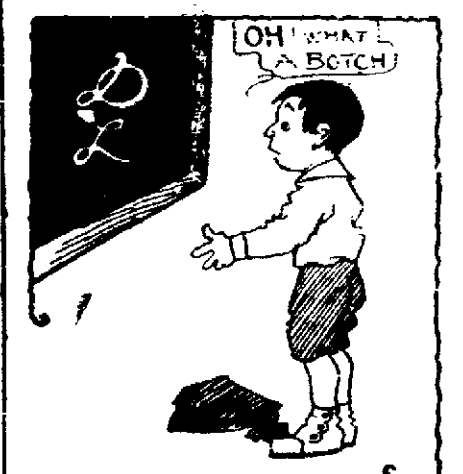

IS FIGHTING FOR  
CLEANER POLITICS

Rudolph Spreckles, of San Fran-  
cisco, who financed the Abe Ruef  
prosecution there in an effort to stop  
business debauchery of politics, is  
making a country-wide campaign for  
cleaner politics.

He is in Washington aiding the  
movement he has launched to force  
the divorce of business from polit-  
ics in all the country's big cities.  
He will visit other cities with the  
same object.

## WHAT IS IT?

What kind of habitations?  
Answer to Friday's puzzle—  
"Shelley."

## TRIAL IS NEARING THE END

Wendling, Alleged Mur-  
derer of Alma Kellner,  
May Know Fate  
Today

NO FEAR IS DISPLAYED

And Prisoner Inspected Scene of  
Crime With Jurors, Betraying  
No Emotion.

Louisville, Ky., Dec. 3.—Instruc-  
tions to the jury and arguments by  
the attorneys marked the last step in  
the trial of Joseph Wendling for the  
murder of Alma Kellner. The case  
is expected to reach the jury today  
and Wendling may know his fate be-  
fore the sun goes down.

If Wendling is the slayer of Alma  
Kellner, as the commonwealth  
charges, he is the newest murderer  
of record. He has not displayed the  
slightest sign of fear at any time  
and went through his examination  
and grilling cross-examination with-  
out a flicker.

Friday afternoon he was taken to  
St. John's church with the jury, to  
inspect the scene of his alleged  
crime. Wendling went into the  
church and stood at the altar where  
the defense says the little girl was  
seized by her murderer. He gazed at  
the hole through which it is said the  
body of the murdered child was  
thrust and then went into the gloomy  
cellar and looked at the furnace  
where it is believed the murderer  
tried to burn the mangled body, and  
then gazed through the trap door in-  
to the school house cellar, where the  
remains were buried.

Wendling showed as much inter-  
est as any one and was smiling and  
unconcerned on the very scene of his  
alleged crime. Wendling and the  
jury walked through the streets to  
the church, accompanied by Judge  
Gregory and the lawyers, and at-  
tracted a great crowd.

## BOY STRIKERS UP AGAINST IT

Jersey City, N. J., Dec. 3.—Truan-  
officers are today busy warning  
the parents of school boy strikers that  
the boys must be in school Monday  
or they will be placed under arrest.  
The lads are angry because they were  
not transferred to a new building  
which opens Monday, with a swim-  
ming pool, modern gymnasium and  
modern library. The strikers want  
either a transfer or that the sessions  
in the old building be cut to three  
hours daily.

## NEW DREADNOUGHTS

Washington, Dec. 3.—Texas and  
New York will be the names of the  
two battle ships of the navy which  
were authorized at the last session of  
Congress.

This selection of names for the two  
most powerful vessels in the navy,  
which was made by Secretary of the  
Navy Meyer, will necessitate the  
changing of the designations of two  
warships already in commission, for  
both New York and Texas are honored  
at the present time in this respect.  
The present Texas is a second-class  
battleship and will be named San  
Marcos, in honor of a city of Texas.  
The present cruiser New York will  
be rechristened the Manhattan.

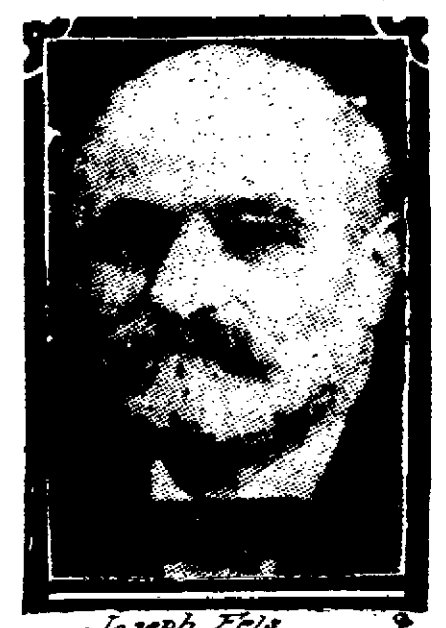

## BLEW OUT HER BRAINS

Dayville, Ore., Dec. 3.—Struck on  
the head by a falling barrel and in the  
act of answering, with one eye had a  
quarrel, Mrs. Mary Gillsworth, 34,  
blew out her brains.

## NO AUTO FOR THE SPEAKER

Washington, Dec. 3.—Champ Clark,  
called on the president today. Some-  
one asked him what would happen to  
the bill making appropriations for an  
auto for the speaker if he should get  
that office. He replied that his posi-  
tion was unchanged, that the speaker  
could take a street car or walk.

## CREDITS FORTUNE TO GYPSY QUEEN

Fels, known as Dolores, queen of  
the Spanish gypsies, who died in  
Santa Monica, Cal. Tuesday, were  
delayed until the arrival from Phila-  
delphia of Joseph Fels, soap million-  
aire and radical single-taxer. He  
asked the delay, saying he wanted  
to pay tribute to the woman to whose  
advice in business matters he credits  
his entire fortune. Queen Dolores  
came to California fifteen years ago  
to find a site for a colony of 3,000  
Spanish gypsies. She fell in love  
with Thomas Downs, Civil War vet-  
eran and inmate of a soldiers' home.  
She abandoned the colonization plan,  
her gypsy queenship, and wedded  
Downs.

## INCREASE

In Wages of 15 Per Cent Will Be  
Asked by 55,000 Trainmen at  
Manager's Conference.

Chicago, Dec. 3.—Representatives  
of about fifty-five thousand conduct-  
ors and trainmen employed on sixty  
railroads west of Chicago are today  
conferring with the general manag-  
ers of the road regarding the in-  
crease demanded by the men. The  
increases asked average about 15  
percent of the present wages. The  
conference will probably continue  
several weeks.

## NEW CURE FOR TYPHOID FEVER

Geneva, O., Dec. 3.—Last night E. C.  
Shepard, a typhoid patient at a local  
hospital was given up for dead. Later  
he escaped from the hospital and clad  
only in a night shirt ran five miles  
cross country through a snow storm.  
Today the physicians look for his  
speedy recovery.

## LARGE FIRE LOSS.

Petersburg, Va., Dec. 3.—Fire that  
broke out here at 2:15 destroyed two  
blocks and was still burning but un-  
der control at 8 a. m. The property  
loss is more than \$300,000. No loss  
of life is reported.

## AGED VICTIM OF MURDERERS

Stevensville, W. Va., Dec. 3.—The  
coroner's jury has returned a verdict of  
murder in the case of Mrs. Allen, the  
aged woman, who was found dead in  
her home here. The prosecution's offi-  
cers say three people are under suspicion,  
although the jury said she came to her  
death at the hand of persons unknown.  
It will probably never be ascertained  
how much money she had on the prem-  
ises when killed.

## SYMPATHETIC

Strike of Milwaukee Garment Work-  
ers Has Changed to One Against  
Local Wages.

Milwaukee, Dec. 3.—Strike leader  
today decided to call out every gar-  
ment worker in this city, numbering  
2,000. Twenty-two shops will be af-  
fected. The situation has changed  
from a sympathetic strike to help  
the Chicago workers to a strike  
against local wages and conditions.

## "ONLY 18 SHOPPING DAYS UNTIL CHRISTMAS"

YESTERDAY A WOMAN TOLD us that the mere  
sight of these words made her smile. She al-  
ways felt that they meant, "We want your money."  
If she could only work in one of the busy  
shops from now until Christmas she would  
realize, as I do, that merchants use this phrase to  
encourage early shopping, that they may be better able to  
serve you and all Newark.

## BISHOP WILLIAMS ASSAILS WEALTHY

Rev. Charles D. Williams,  
Episcopal Bishop of Michigan, named  
names in his address before the  
National Methodist Federation for  
Social Service in Chicago. Assailing  
men "of dual conscience, who can  
sit in church one day with unctuous  
piety and the next skin their fellow  
men out of millions," he said, "we  
all have them."

He referred to types, saying "The  
Baptists have John D. Rockefeller.  
The Episcopalians have their Pierpont  
Morgan. You Methodists have yours,  
too."

"These men are careful in re-  
ligious duties, generous in giving,  
irreproachable in personal morals,  
irreproachable in personal morals,  
but in commercial, industrial and  
political dealings without con-  
science—unmoral, rather than im-  
moral."

## FIRST MURDER

Resulting From Protecting Strike  
Breakers at Chicago—Two Wit-  
nesses Held.

Chicago, Dec. 3.—Held as witness-  
es to the first murder in the garment  
workers' strike, Claude Parks and  
Rasello Acrisio are believed by the po-  
lice to have had an active part in the  
killing of Charles Lazinkas, a striker,  
for whose murder Tony Yacollo is  
in jail. Yacollo, a policeman, was  
escorting two strikers home from  
work when he was set upon and  
beaten by Lazinkas and the other  
two.

He shot Lazinkas through the  
heart and the others fled.

## UNCLE JOE IS ON THE JOE

Washington, Dec. 3.—With appar-  
ent cheerfulness and a long black ci-  
gar prominent, Uncle Joe Cannon open-  
ed his desk this morning and settle-  
down for his last fling at the speak-  
ership. He said he felt fine, expected  
to be busy this session and absolutely  
refused to discuss politics.

## WOMAN

Who Gave Sensational Testimony  
Against Henry Ward Beecher  
Dies at Age of 71.

Wakefield, R. I., Dec. 3.—Emma  
C. Moulton, aged 71, who sprang in-  
to the newspaper limelight in 1877  
by giving most sensational testimony  
against Henry Ward Beecher, is  
dead.

Mrs. Moulton appeared in a Brook-  
lyn court in the case of Theodore  
Tilton against Mr. Beecher. In sub-  
stance she testified that the famous  
preacher once threatened to commit  
suicide because of the case against  
him. "I will die before I confess,"  
Mrs. Moulton quoted Beecher. "My  
position is that of a spiritual and  
moral thinker. I have a powder of  
my library table which I will take  
and sink quicks off."

Beecher denied making these state-  
ments. He referred to Mrs. Moulton  
as a "section from the day of judg-  
ment."

## POWER IS IN HANDS OF LORDS

Liberals in English Par-  
liament Will Need  
Assistance

KING GEORGE'S PROMISE

To Create Liberal Peers May  
Never Have to be  
Fulfilled.

London, Dec. 3.—That the house of  
Lords may weather the storm and re-  
main in possession of its power to  
veto the radical legislation fostered by  
the house of Commons is coming to  
be the more general belief today.

Although the betting on the stock  
exchange today was four to one that  
the Liberal-Labor-Irish alliance would  
be in the majority in the next House  
of Commons as a result of the pending  
elections, the bets are not that the  
majority will be a big one.

On the other hand, it is asserted in  
many circles that the Liberals alone,  
will not have as many votes as the  
Conservatives but will be forced to  
call upon their Labor-Irish allies for  
votes to pass any measure opposed by  
the conservatives.

A victory by such a narrow margin  
for the Liberals does not indicate that  
King George will execute the anti-  
Lords policy of the Liberals, led by  
Premier Asquith and Chancellor  
Lloyd-George. The Liberals, demand  
that in the event of a Liberal victory  
King George shall create sufficient  
Liberal peers to the House of Lords to  
pass a bill removing the last vestige  
of power from the Lords and making  
the hereditary body merely a consult-  
ative institution.

Although no definite announcement  
has ever been made, it has been cur-  
rent gossip that King George has  
promised Asquith, in the event of a  
Liberal victory to appoint enough  
Liberal peers to overthrow the House  
of Lords. It is believed however that  
in the event the Liberals can only poll  
a majority of votes by lining up with  
the Laborites and Irish, the king will  
refuse to create the new peers, argu-  
ing that conservative gains, even if in-  
sufficient to constitute a majority are  
indicative of the popular distrust of  
the radical action proposed by the Lib-  
erals. Seventy constituencies will to-  
day return parliamentary members. At  
these constituencies are scattered all  
over England and Scotland it is  
believed that today's result will have  
considerable influence over the future  
polling, as well as furnishing a fairly  
accurate barometer of the final out-  
come. On all hands it is conceded to-  
day that the offer of a thousand  
pounds (\$5,000) a week made to Chan-  
cellor of the Exchequer Lloyd George  
by an American vaudeville concern  
will materially damage the cause of  
the Liberals.

Cohan & Harris, New York man-  
agers, cabled Lloyd George an offer of  
\$5,000 weekly for three weeks of his  
amous "lime housing" speeches in  
their new theatre. "Lime housing"  
refers to speeches Lloyd George re-  
cently delivered at Lime House, in  
which he introduced novel ideas into  
English political campaigns.

Lloyd George naturally has not  
accepted such an offer, but the Con-  
servatives are making great capital of  
it, declaring the famous chancellor is  
regarded abroad rather as a clown  
than as a statesman and the British  
electorate is highly sensitive over  
ridicule.

Of the seventy constituencies being  
contested today, 36 were Liberals in  
the last parliament, 25 were Unionists  
and 9 were Laborites. In many cases  
the majorities in these constituencies  
last January were so small that today's  
voting may easily see reverses.

TART APPOINTS A  
SOLICITOR GENERAL.

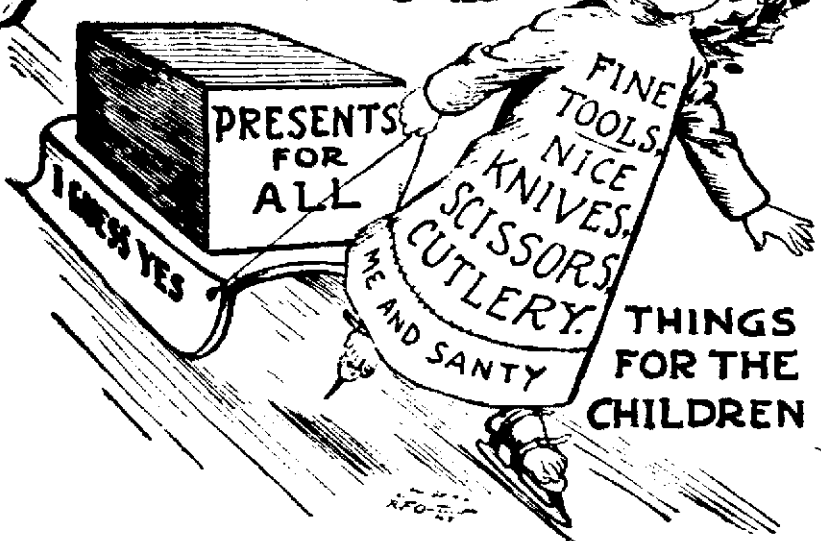

Washington, Dec. 3.—The presi-  
dent today announced the appoint-  
ment of Fred W. Lehmann of St.  
Louis to succeed the late Lloyd W.  
Bowers as solicitor general.

## FLOOD DROWNS LIVE STOCK

Divatte, France, Dec. 3.—A levee  
along the Loire river burst above  
Nantes today and the great volume of  
water flooded the entire valley, inund-  
ating 3,000 farms to a depth of from  
6 to 10 feet. The inhabitants were  
warned in time to escape to high  
ground but thousands of heads of live  
stock were drowned. The flood situa-  
tion in other parts of France is ser-  
ious.

## HEART and HOME TALKS by Barbara Boyd

### The Masculine Attitude toward Christmas.

WATCH the Christmas crowds. Who is it that carry home the bunches of holly, the sprigs of mistletoe, the gay holly wreaths? The women—always the women.

Watch the crowds of Christmas shoppers. Who is in the majority? The women every time. They outnumber the men ten to one.

Bless them! (And I am not saying it because I am a woman.) But it seems to me, if it were not for the women there would be precious little celebration of Christmas.

Can you imagine the average man bringing home, unasked, holly wreaths, garlands of laurel and pine? Can you imagine him smilingly, cheerily, and of his own initiative, going about the house tacking up the greens? Hardly. He may do it if coaxed, but even then he does it none too graciously.

Gift-buying is done in much the same spirit. A man finds real pleasure in getting a gift for The girl. A husband enjoys selecting something for his wife, possibly for the children. But that is about as far as it goes. Other gifts are bought with much grunting of spirit and inward protests against the foolishness of the whole thing. If their buying can be delegated to somebody else, it usually is. When the Christmas bills come in there is apt to be a row. Gift-giving in general does not appeal to the average man. He can't see why, on one day in the year, he should rush around excitedly and buy handkerchiefs and neckties for Tom, Dick and Harry, and hand them over to them. It strikes him as a nonsensical performance. He enjoys

### Afraid of Ghosts

Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more terrible than any fire-breathing dragon. Germs can't be avoided. They are in the air we breathe, the water we drink.

The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a sallow cheek, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whiskey or habit-forming drugs. All its ingredients printed on its outside wrapper. It is not a secret nostrum but a medicine of known composition and with a record of 40 years of use. Accept no substitute—there is nothing "just as good." Ask your neighbors.

### QUITS LAW FIRM CARRIERS RETAIN

Martin W. Littleton, just elected to Congress, has quit the New York law firm of O'Brien, Boardman, Platt & Littleton. The firm is counsel for the United States Express Company and other carriers, as well as other corporations.

"I feel the responsibilities I am to assume forbid my staying in the firm, in justice to the obligations of the firm to its clients. So I am getting out now instead of waiting till I go to Congress next March," he says. Mr. Littleton is to urge the passage of a parcels post act in Congress. The express companies have fought such an act.

Common Companions, dyspepsia and bad teeth. There are no teeth in your stomach. You can't expect it to perform the double duty of masticating and digesting your food. If the grinders do their work poorly the stomach will cease to perform its function, and you are miserable as a result.

What a difference good strong teeth make in one's physical condition. Would you like to insure the preservation of your teeth?

a rich boiled custard by bringing to the boiling point a pint of rich milk, thickened by the addition of three eggs beaten with half a cupful of sugar. Remove from the fire and when quite cold fold in a pint of cream beaten solid and a teaspoonful of rose extract and turn into a chilled freezer. Turn the handle until the mixture is like soft snow and then remove the cover, pouring in a glassful of cranberry jelly, a quarter of a pound of crushed macaroons and a cupful of chopped Maraschino cherries. Continue freezing until smooth and firm, repacking in a sponge cake shell that has been ornamented with fondant frosting and place in a water tight tin pail, burying in ice and rock salt for three or four hours before serving.

Panned Oysters with Celery.—Chop fine a half cupful of celery. Pick over, rinse and drain two dozen or more good sized oysters. Place them in the blazer with a large tablespoonful of butter, a drop of tobacco, a half teaspoonful of salt, a tablespoonful of tomato catsup. Light the lamp and stir frequently until the oysters begin to plump and ruffle. Then add the celery and cook for a moment longer.

### HAD SALT-RHEUM FOR MANY YEARS

Doctors Failed to Cure Him—Goodhair Soap Did the Work in Three Days.

"For a long time I have suffered and annoyed with a breaking out on the back of my head, the doctors called it salt rheum. My hands were in such an awful condition I was ashamed to have them seen. So I did not save a pair of old gloves as I would keep my hands in my pockets. I consulted several doctors and tried a number of remedies without any good results. Mr. J. I. Linton of this city gave me two little samples of Goodhair Soap, requesting me to try it. The first application of the lather of this wonderful soap gave me benefit and in three days time my hands were entirely well."

The Pullman company has conducted to reduce the price of upper berths 20 per cent., the minimum price to be \$1.25. Two-thirds of the capital of the company consists of "capitalized assets," in other words, stock dividends that cost the shareholders nothing, and were issued in order that the preposterous profits might be divided over a larger capitalization and look more modest. It isn't a year since a stock dividend of \$20,000,000 was declared. If the company cut rates for both berths in half it would still pay good dividends on the real investment.

In order to save themselves from feat in the contest involving the veto power of the House of Lords the Tories of Great Britain have resolved to cast overboard their Protectionist Jonah. This is a dodge that might be imitated with advantage at this juncture by our own high tariff priests and professors. By immediate laying of violent hands on the rascalities hidden away in the woolen, cotton and rubber schedules, and by absolute repeal of the duties on breadstuffs and meats, they might go far to appease the rising wrath of the people, who are tired of long plundering and unredeemed promise of reform.

The immensity of Governor Harmon's majority naturally causes Democrats to feel pretty highly elated. They should not, however, take too much assurance for the future merely on account of the majority's size. The issues on which the victory was won should be kept in sight and not forgotten. The Democracy should devote its energy and ability to meeting the expectations of the people who made the majority as big as it is.

## ALL ABOARD FOR THE INAUGURATION

All Harmon supporters intending to participate in the inauguration of Governor Harmon should confer at the office of Frank Morris at the address office in the court house. It is possible that a reduced railway fare will be granted.

## THE SENATORSHIP AND SPEAKERSHIP IN COLUMBUS NEWS

Candidate Allee Pomerene Will Not Criticize Any of the Other Senatorial Aspirants.

Columbus, Dec. 2. When Father and Food Commissioners met, Sylvan S. E. Strode left for his home in Galena, yesterday he had easily outdone the record of the two senatorial candidates now on the ground in the matter of receiving callers. His rooms at the hotel where he made his headquarters were filled all the day, and when he went away he had a satchel full of letters of application and recommendation for the various appointments within his gift. The monotony of the senatorial situation was disturbed for a short time by the announcement from down the state that John R. McLean had formally entered the race and had authorized an active candidacy. This caused some activity on the part of the various lobby generals, politicians and cadets. Then came the statement from Washington that Mr. McLean had done nothing of the sort. The excitement died away and the contending armies resumed their peaceful avocation of abusing each other.

Chairman Edward W. Hanley, the southern Ohio candidate, left for his home at Dayton, to remain until on Monday. He was accompanied there by Congressman James M. Cox, who leaves Sunday for Washington to attend the opening of the winter session. His chief opponent, Allee Pomerene, does not go home until Saturday evening, but he will be back bright and early next week.

One of Mr. Pomerene's most active supporters made it a point to state today that his candidate would make no criticism of any of the other aspirants or those whose names have been mentioned. Two congressmen-elect, J. Henry Goetz, of the Fourth district, and J. D. Post, of the Seventh district, the man who beat Keifer, were callers at the senatorial headquarters. Mr. Goetz came here to argue a case in the supreme court. Another caller was Will S. Thompson, of Springfield, who yesterday formerly withdrew his name from further consideration as a candidate for the senatorship.

Two of the contestants for the speakership were on hand in the persons of Cyrus B. Winters of Erie and William T. Smith, of Marion. Judge Winters made his first call, having been out in the brush seeing members of the house. He stated that conditions were satisfactory to him. Mr. Smith denied the charge that he was pledged to a combination in return for his caucus nomination and denounced the story that he was linked with the "interests." The presence of Representative Arthur P. Black, of Ashland, the ranking member of the finance committee, brought out the statement from Mr. Smith that he favored him for the chairmanship of that important subordinate body. It is likely that no matter who is elected speaker, Black will be rendered this post. This is the only advance action to which the Marion man is committed.

2. Not only by industry and economy, as heretofore explained, but by a study of their business. Many men fail because they do not study the work in which they are engaged. ## GEORGE VAIL IS AWARDED WATCH IN GUESS CONTEST

Several months ago Mr. George Vail, a small man with grays of corn, which are placed in his show window, and advertised that he would give away a fine gold watch as an advertisement for the Foster Brown Hosiery company, to the person guessing nearest to the correct number of grains of corn in the jar. ### PETERSON'S TALK STARTLES CHURCH

E. A. Peterson, of Goodrich House, a Cleveland social settlement, roused a storm in the Methodist National Social Service Conference in Chicago Wednesday. He advocated Sunday baseball games and other athletic events. "I believe laws against Sunday games for the people should be repealed," he said. The conference was in an uproar in a moment. Dr. Herbert Welsh, President of Ohio Wesleyan University, was first on his feet. "If the Methodist discipline, the book of the Methodist laws, had been on the reading desk and heard Dr. Peterson I would have expected it to crawl to the edge and fall off," he cried. Others joined in the attack on Dr. Peterson's views.

Peter's Denial. Matt. xvi:31-35.

Golden Text—Let him that thinketh he standeth take heed lest he fall. 1 Cor. x:12.

Verse 31—Is it, or not, usual for a company, or a cause, to be scattered when the leader is taken away? Give some examples.

Did the writer in Zec. xiii:7, from which Jesus quotes, have Jesus in mind at the time he wrote, and does Jesus mean to imply that he did? Give your reasons.

Why is not the flock to be blamed for scattering when the wolf is upon them, and the shepherd has been smitten?

Verses 32-35—Why would it have been better, or worse, for Peter, or the cause of God, if in view of subsequent events, he had not made this strong declaration of loyalty to Jesus?

Regardless of what the future may develop, ought we, in the present, with unshaken confidence, to make an eternal covenant of loyalty to God, with full expectation of keeping it? Give your reasons.

In the obtaining of technical, or intellectual knowledge, mistakes are absolutely unavoidable, why therefore does not the same rule obtain in acquiring moral courage, knowledge, or conduct?

Which man is more likely to be true to God, and why, one who is confident from his warm love to God that he will be faithful to him in the future, or the one who is timid and fearful that he will be unfaithful?

Verses 68-70—By what law, moral, spiritual, or psychological, did this truly earnest Peter deny the Christ that a few hours, at most, before he said he would die for?

Was Peter's denial moral cowardice or policy, a suddenly formed plan of campaign to defeat the enemy?

If Peter's denial was not a real denial, from his heart, what moral blame would you attach to it?

Verse 71—When a lie has been told whether "white," or "black," what are the chances that more lies will be necessary to back it up?

Describe the nature of each of Peter's three lies, and show how they illustrate that those who start at wrongdoing, invariably get "worse and worse."

When a man has to curse and swear to back up his statement, is it, or not, prima facie evidence that he is lying?

Verse 75—What is the value of warning, or good advice, when we know it will be disregarded?

What is the moral difference between the sin of Judas and that of Peter?

What evils, or good results, have followed from Peter's sin? (This question must be answered in writing by members of the club.)

Is the world and the church, better or worse because of Peter's denying Jesus?

Lesson for Sunday, Dec. 11th, 1910. The Crucifixion. Matt. xxv:15-50.

## Y. M. C. A. NOTES

Eighteen young men from the shops of Newark are enrolled in the mechanical drawing class at the Y. M. C. A. this year. The class meets every Tuesday and Friday at 7:15 p. m. and the instructor is Mr. J. A. Shrake of the Wehrle drawing room. The members of the class are enthusiastic in their study and are making good progress. Such a body of students of the fundamental things of modern industrial life is a good sign. It shows that some young fellows are not satisfied to use their muscles only but want to understand their work all the way through. New members are still admitted to the class.

"The Social Teachings of Jesus" is the line of study for the new Sunday Bible class at the Y. M. C. A. which meets at 4:15; just following the men's meeting. Mr. Harry Scott is the regular leader but in his absence from the city Secretary Fraser will take his place. Men interested in economic and industrial questions, whether they are workmen in shops or college men who have given the live, present day questions some thought and study. The discussions of the class are very free but no one is cornered by any personal questions by the leader. Men who want to visit the class a time or two are welcome to do so.

## MAYOR ANKELE WILL BANQUET THE PATROLMEN

Police Court Reporters Will Also Be His Guests and in Anticipation Have Been Fasting for Event.

The Newark police force is rejoicing over Mayor Ankele's generosity and good fellowship. And the men have a right to be joyful, for Friday morning the mayor invited the officers of the force, the patrolmen and the police reporters to be his guest at a chicken supper at Plymouth Congregational church this evening. In order that the officers will not be withdrawn from their beats at once, it has been arranged to take them to dinner in squads. As the reporters would like the pleasure of dining with all the officers, it is presumed that they will remain seated at the table, eating with each squad, provided, of course, Mayor Ankele consents to such an arrangement.

Saved From An Awful Death. How an appalling calamity in his family was prevented is told by A. D. McDonald of Fayetteville, N. C. R. F. D. No. 8. It's the best medicine I ever saw or heard of." For coughs, colds, lagrippe, asthma, croup, hemorrhage—all bronchial troubles, it has no equal. 50c., \$1.00. Trial bottle free. Guaranteed by F. D. ## A STATE HYMN

The Buckeye state lacks one thing many other states have. It needs a state hymn that can be used in the schools, conventions and other gatherings. With this in mind Prof. S. B. Meeks, of Waynesfield, has written "Our Ohio" to the tune of My Maryland. We suggest that it be tried in the schools.

"OUR OHIO."  
Oh grand Ohio, wondrous great,  
We love thee most, beloved state.

Because thy gifts ne'er cease to flow,  
We love thee so! We love thee so!

Thy fertile fields and iron clad hills,  
Thy springs and brooks and purling rills,

For flowers that thru the seasons blow,  
We love thee so! We love thee so!

Thy orchards, groves, so green, so grand,  
And lakes that beautify the land,

Sweet scented winds and rain and snow,  
We love thee so! We love thee so!

Thy winds so rich with varied stock,  
And wealth that flows from Trenton Rock,

And factories that from these grow,  
We love thee so! We love thee so!

Thy men so wise and women grand,  
Surpassed by none in any land,

For homes and church and schools we know,  
We love thee so! We love thee so!

And when we're done with this short life,  
It's joys and cares, it's toils and strife,

We hope to rest in O-H-I-O,  
We love thee so! We love thee so!

The author of the above hymn is an old college chum and particular friend of Dr. W. S. Turner, of this city. This is the second time only that this song has ever appeared in any publication.

## THIRTEEN YEARS OF SERVICE FOR OFFICER SUTTON

"Thirteen is no hoodoo." Thus saith Patrolman Jay Sutton, and just by way of emphasizing his faith in the mystic number, he wears it in bright gilt braid on the sleeve of his new dress overcoat.

There are usually those police officers who shy at the 13's and 23's. But not so with Patrolman Sutton. His reason is based on something a trifle more tangible than merely the figure itself. Fact is that Mr. Sutton has served 13 years on the Newark police force. He is justly proud of his steady service and hence the figure 13 in gold braid on his coat sleeve.

The other officers all wear on their sleeves the same kind of emblem of their years in service.

## FAIR BOOMERS CALL ON TAFT

Washington, Dec. 3.—San Francisco's fair boomers centered their attention on President Taft here today. A score or more residents of California bent on securing congressional authorization for the exposition at San Francisco to commemorate the opening of the Panama canal in 1915 called at the White House and were delighted to learn that the executive favored some sort of a fair of the coast although he would not commit himself to San Francisco as against New Orleans.

Among those in the delegation were Senator Flint, Representative Kahn, Howland, Needham and Smith; President Benjamin Wheeler, Theo. A. Bell and R. B. Hale. Governor-elect Johnson saw the president later in the day.

of the secret service. The secret service is to have attached to it a direct branch of the customs service, which will be in charge of the customs agents who are to be reorganized. The secret service will also have a special agent in charge of the customs agents who are to be reorganized. ## Railroad Lands in Sunny South

### TIRED OF FIGHTING THE WEATHER?

Don't you want to get away from blizzards and droughts? Come to Vinegar Bend, Alabama, where pleasant year-round weather enables a man to live a rational life; where there is neither freezing winter cold nor blazing summer heat to make life one long struggle with the uncertainties of climate. We have here most delightful climate, pure water, no irrigation, only 40 miles from the Gulf and 300 feet above it. Elevation means health.

Land within walking distance of Vinegar Bend, Ala., a new industrial city, not a town on paper—but an up-to-date, live, reality, with manufacturing plants, daily sending forth smoke and steam, and employing hundreds of men. The only place between Mobile, Ala., and Meridian, Miss., a distance of 135 miles, lighted by electricity.

No wilderness—seven mails every day—R. F. D. to your home daily. Good school system, churches, good neighbors, good local markets, best railroad facilities, building material at cost, fine grazing and dairy country, good for poultry, bees, Sumatra tobacco; Satsuma oranges, figs, vegetables, general farming and live stock. Three crops a year, work outdoors the year round; no malaria; no yellow fever; no sunstrokes; no heat prostrations; no better fruit and truck land in the United States. A normal full bearing acre of this land can be made to produce an average profit of \$300 per year.

WHY DON'T YOU stop trying to win out against the terrible odds of the city and take up the profitable business of a truck grower? No great capital required. Ten acres of this land—the size of 4 city blocks—can be bought for \$200, ten dollars down and \$5.00 per month, less than 17 cents a day, and remember every day you set aside these few pennies is a step toward independence. Isn't this worth considering?

Mr. Frank Salrin and his brother, A. W. Salrin, from your city (Newark, O.) will be glad to tell you personally about the opportunities here. Both of these gentlemen spent several days here. They bought some of this land after a thorough investigation. You can meet them at the store of Ed. Doe, No. 7 North Third street. There you will also see some of the fruits and vegetables grown on these lands.

## ENDS STOMACH DISTRESS AND INDIGESTION

Why not get some now—this moment, and forever rid yourself of Stomach trouble and indigestion? A distended stomach gets the blues and grumbles. Give it a good eat, then take Pape's Diapiesin to start the digestive juices working. There will be no dyspepsia or belching of Gas or eructations of undigested food, no feeling like a lump of lead in the stomach or heartburn, sick headache and dizziness, and your food will not ferment and poison your breath with nauseous odors.

Pape's Diapiesin costs only 50 cents for a large case at any drug store here, and will relieve the most obstinate case of indigestion and upset Stomach in five minutes.

There is nothing else better to take Gas from Stomach and cleanse the stomach and intestines, and, besides, one single dose will digest and prepare for assimilation into the blood all your food the same as a sound, healthy stomach would do it.

When Diapiesin works, your stomach rests—gets itself in order, cleans up—and then you feel like eating when you come to the table, and what you eat will do you good.

Absolute relief from all Stomach Misery is waiting for you as soon as you decide to take a little Diapiesin. Tell your druggist that you want Pape's Diapiesin, because you want to become thoroughly cured this time.

Remember, if your stomach feels out of order and uncomfortable now, you can get relief in five minutes.

## THE LODGES

**Royal Arcanum.**  
The members of Bayard Taylor Lodge will attend the union meeting to be held in Columbus, Dec. 7, with a large class of candidates. Every member of the order should go as this will undoubtedly be the best meeting ever held in Central Ohio. An unusually large class will be initiated by one of the best teams of the order. Good things to eat and good speaking. Leave Newark via Pennsylvania at 6:03 p. m.

**Modern Woodmen.**  
Cedar Camp, No. 4727, Modern Woodmen of America, met in regular session Monday night. After the urn was investigated there was found to be 144 members present. The escort retired to the anteroom and found the following candidates waiting: James A. Bradford, J. P. Giblin, M. M. Crawford, C. L. Zindorf, E. J. Fox, G. E. Drum, C. W. Jackson, E. J. Berkshire, C. C. Hooper, L. H. Pine, W. B. Howell, J. C. Shaw, B. H. Dotson, A. G. Davis, S. B. Caffee and James McCarrick, for beneficial membership, and Dr. J. N. Wright and W. L. Williams for social membership, who were admitted and adopted as members of Cedar Camp. The month of November has been one of the best months that Cedar Camp has had for a long time, having put 55 benefit certificates in force. Several visiting neighbors were present. Neighbors Kett and Henthorne from Alexandria and Neighbor F. P. Win of Zanesville, who transferred his membership to Cedar Camp. Neighbor Julius Wintermantel was reported having died Nov. 28. He carried a policy for \$2000 and had been a member of Cedar Camp since May 23, 1899.

Neighbors, the time is getting short on the banner contest and if you have a prospect you had better hurry and get the applicant balloted upon. Remember the big banquet that will be served to the members who have secured a new member, either beneficial, social or by transfer card. After the business of the camp was over last Monday night, the committee on refreshments served Cedar Camp's famous oyster sandwiches, coffee and pickles, which were enjoyed by all present. On Dec. 12 another class will be adopted, also on Dec. 26.

**Daughters of Veterans.**  
Tent No. 25 met in regular session Tuesday night and enjoyed a very pleasant meeting, with a good attendance. There was nomination of officers, and it is the desire that each and every member take notice that next Tuesday night will be election of officers. The question is asked, Why do we have election now? It is because the first stated meeting in December is the regular election night, and we have only finished the year after our installation, and hereafter our elections will only be once each year, thus explaining why some of our officers have only served anywhere from three to nearly six months. Let every member be present. One of our comrades gave us a most interesting talk last Tuesday night on slavery, and how it led up to that bloody war of '61-'65, and of the struggle they made to gain this grand and great free government of ours. When we see our fathers, now old and grey, and look back when they were young men, how they loved us, to so cheerfully go out and make a target for their bodies, we are certainly proud of them, for what honor could we have that would be more to us than their dear lives. We are joined together to love them, and to love each other, and with the help of our brothers, we hope to perpetuate the memory of these great men in the world's history, and generations hence may realize the meaning of our motto, just as we do. We want to see a large number of comrades at our meetings. Those who do attend speak of our work as making them feel like new. It does them so much good to see Old Glory waving around them on all sides. Who would not love the flag

our fathers saved? Don't forget, next Tuesday night is election night. Come promptly at 7:30 o'clock.

**Knights of Pythias.**  
The Newark Pythian Castle Company has called a meeting of all members of both lodges for Friday evening, Dec. 9, at Newark Lodge hall to discuss the building propositions. All Knights are requested to be present and show their interest in this project.

Newark Lodge, No. 13, met in regular session Thursday evening with a good attendance. The Esquire rank was conferred on one candidate. Three applications for membership were received and referred to committees. Next Thursday evening the Knight rank will be conferred in full amplified form. Following the work the entertainment committee will serve an oyster stew. The following officers were elected for the ensuing term:

C. C.—M. J. Reese.  
V. C.—J. W. Tyler.  
Prelate—E. P. Fugli.  
M. of W.—E. L. Schumidt.  
K. of R. and S.—J. A. Grove.  
M. of F.—J. A. Kidwell.  
M. of E.—F. S. Wilson.  
M. of A.—D. H. Evans.  
I. G.—A. T. Owens.  
O. G.—C. F. Nevins.  
Trustee—R. L. Shawhan.

Tuesday evening's meeting of Roland Lodge No. 305 was largely taken up with a discussion of the various propositions the Pythian Castle company directors have received. It begins to look as if something definite would be done in the very near future. Of the 40 members present at this meeting 30 per cent were in favor of the public square proposition. A joint meeting of the two lodges has been called for the near future. See notice in another part of this paper. Come out, brothers, and help the directors in the arduous work they have on hand. Your presence at the meetings will show you are interested, at least. Next Tuesday night the Esquire rank will be conferred. It is second nomination night and election of officers for the next term. Also the election of the grand lodge officers, and all past chancellors are urgently requested to be present for a particular reason.

Monday morning, November 28, we lost by death one of our charter members, Julius Wintermantel, who 22 years ago helped to institute Roland lodge. The funeral was well attended Wednesday afternoon, considering the inclemency of the weather.

**A GOOD COMPLEXION ADDS CHARM TO ANY WOMAN.**

Seaver's Laxative Tonic Tablets Will Produce Good Complexions.

Among the many charms for which women are especially noted, not one of them is so quickly recognized and admired as a good complexion. Every woman, regardless of the station she may occupy in society, owes it to herself as well as her associates to properly safeguard the beauties with which nature has endowed her.

The inactivity of the liver and bowels is the direct cause of pimples, sallowness, muddy skin and the many other blemishes common to a poor complexion.

Seaver's Laxative Tonic Tablets are largely composed of dandelion, and any physician will tell you there is nothing better to create a healthy condition of the skin and complexion. A 25-cent package of these tablets contains enough of the remedy for a fair trial and your money will be cheerfully returned by Erman & Son if you are not greatly benefited by their use.

Do not delay but give Seaver's Laxative Tonic Tablets a fair trial and you will agree that all our claims are absolutely true.

The utility and excellent results of Modern SURGERY have clouded the value of INTERNAL MEDICINE, especially so in DISEASES OF WOMEN. There are those who believe Surgical procedure the only means to a cure. I believe in surgical procedure where there is a persistent malformation, foreign growth, or infection. This is conservative surgery, the MINOR disorders form the principal number of Operative Cases of today among Diseases of Women. The minor ones are those which CAN BE CURED by internal as well as local treatment.

When a man realizes that he has reached the turning of his life it doesn't necessarily imply that he is a crank.

**Keith Stock Company.**  
The bill put on by the Keith Stock Company at the Auditorium theatre last night was "The Match Maker" and pleased a good-sized audience. The concluding offering tonight will be "The Old Clothes Man." It is a melodrama of the real type and many novelty scenes are introduced. Mr. Keith will be seen in the role of Solomon Levi, the old clothes man.

**Auditorium Attractions For the Near Future.**

**"The Squaw Man."**  
Edwin Milton Royce is the author of that eminently successful drama, "The Squaw Man," in which William Faversham has been seen in all the principal cities of this country. "The Squaw Man" tells one of the most interesting stories of emotional intensity and delicate feelings of a poor little Indian squaw's desperate battle

**"Seven Days."**  
Messrs. Washburn & Keeler will soon at the Auditorium present "Seven Days," a comedy by Mary Roberts Rinehart and Avery Hopwood, over which for more than a year New York has been screaming with laughter. There is a play with the rare distinction of having fooled the critics, no less than the public, a thing that happens about once in a generation. "Seven Days" wrote the dramatic critic in the Scrap Book, "is the best farce I have ever seen. All the critics agree with me. And the comic combination! This play contains more good points than any I have ever seen in all my years of theatre-going. First and foremost it is funny, not in spots, but all the way through."

**Neddermeyer Band Concert.**  
A newspaper is speaking of Frederick L. Neddermeyer and his band, says it is one of the best organizations on the east that ever played in

**The Orpheum Next Week.**

A musical farce comedy company is the attraction booked for the Orpheum theatre next week. Arthur Nelson presents his laughing success, "The Bachelor and the Babies," introducing pretty girls in song numbers and funny comedians in good, clean comedy, making a refined entertainment for ladies and children. There is a good hearted laugh in store for all who attend. Four vaudeville acts will be introduced during the performance, and the Orpheum score will have a feature film.

**M. F. BASSETT.**  
The above gentleman was caught in one of his characteristic attitudes by the staff artist of the Advocate while reading one of the criticisms of the dramatic critic's edition of his popular little family theatre, the Orpheum. It must have pleased Manager Bassett for he is all smiles. Manager Bassett was sent here by O. G. Murray, proprietor of the Orpheum, about thirteen weeks ago. He has worked hard and succeeded in placing the house in the front ranks of vaudeville. The Newark theatre is known over the circuit as one of the best and all managers are anxious to over shadow the local play house in the matter of receipts.

Manager Bassett will continue to give his patrons nothing but the best and his offerings for the next few weeks are some of the top notchers, which Mr. Murray has booked at a big expense.

A letter from George Fenberg of Marion, Ind., former manager of the Orpheum theatre here states that he expects to spend the holidays in Newark. He says that he was never so homesick to get back to a town in his life and he is counting the days until the time arrives. He wishes to be remembered to all his friends and states that he has but little time to write them as managing two theatres is far from a sinecure. Mr. Fenberg is a hustler and Mr. O. G. Murray, proprietor of the Indiana circuit recognizes the fact by keeping him at the head of his two large Marion theatres, one for vaudeville and the other for the legitimate.

**Motion Pictures and The Theatrical World.**

"Do you know what motion pictures are doing and have done for the theatrical world?" was the question put by a local theatrical man the other day.

The answer was in the negative and then he narrated the many noted valuable things that motion pictures were doing for theatricals in general and what they would do within the next year. He told of how motion pictures became so popular and how the thousands of theatres were thronged by a class of people who never attended the legitimate show houses. How they became interested in the mute dramas, comedies and pictured legends, and how their taste developed, how the motion picture forced the mana-

ger to add bits of vaudeville. These vaudeville acts nurtured the flower of theatrical liking, which blossomed in the motion pictures, and now many of the "screen show" audiences are daily in attendance at the big houses.

That the motion pictures have served to educate people who would never have dreamed of going to the theatre to a first class appreciation of the good stuff, and that next year would see a remarkable change in the show business, both in a financial way and in an artistic way.

**Theatrical Notes.**

Madame Adelaide Hermann, widow of Hermann the Great, who succeeded her husband in a magic and illusion act, and who was seen at the Auditorium theatre last summer, is now playing an engagement at Hermerstein's Victoria in New York. Rehearsals began last week in New York for "The Boss," the new play by Edward Sheldon, author of

"Salvation Nell" and "The Nigger." In "The Boss" William A. Brady will present Holbrook Blinn.

Lizzie Hudson Collier will play the role of Mrs. Hofer in "The Great Name," supporting Henry Kolker when that German imported comedy is produced next month by Henry W. Savage. Miss Collier appeared in "The Servant in the House," and was leading woman for Otis Skinner and Olga Nethersole. William H. Crane and Na. Goodwin.

Albert Caevanier was at Albany's Harbanus Bleeker Hall, New York, Nov. 24, at the head of a company in a new three-act comedy entitled "Daddy Dufard," in which the star is a co-author. The play pleased a large audience.

The first metropolitan production of "Kady Did," a musical version of "My Friend From India," was given at Ford's theatre, at Baltimore, this week. W. C. Duncan and Frank Smithson are the authors of the book and lyric, while the music is composed by Carl Hoschna.

## GERTRUDE VANDERBILT STEALS "SPOT" FROM PAULINE CHASE

**Gertrude Vanderbilt.**  
The Pauline Chase is the star in "Our Miss Gibbs," another of the cast arranged by Frohman for the New York production has won the hearts of the audience. She is pretty Gertrude Vanderbilt, a clever dancer. The Chicagoers warm to her, while cold when Pauline Chase appears.

## ON THE STAGE SIXTY-FIVE YEARS, GOING TO STAY TEN YEARS MORE.

**Mrs. Annie Yeamens.**  
Mrs. Annie Yeamens, who has just celebrated her seventy-fifth birthday anniversary, has been on the stage since she was ten years old. She says she is going to stay another ten years at least. Born on the Isle of Man, she began her career with a circus in New South Wales and married Edward Yeamens, a circus clown, when she was eighteen. She came to America in 1865, beginning her long career here in a San Francisco stock company. On her seventy-fifth birthday anniversary, the members of "The Echo" company, playing in New York, presented her with a bouquet and 75 crisp \$1 bills after the fall of the final curtain on the evening performance.

er have just presented Victor Moore, the former star of "The Talk of New York" and "Forty-five Minutes From Broadway," in a new musical play entitled "The Happiest Night of His Life," by Junie McCree Sydney Rosentfeld and Albert Tiltz, the last named writing the score and the others the libretto.

All signs say that the alternating home of the "Madame Sherry" company, now at the New Amsterdam theatre, New York, will be obliged to stay in New York all this season and perhaps part of next before satisfying the demand for seats. A company for London and another for Paris are being assembled.

A representative of the Coit Lyceum Bureau of New York says in Newark this week and signed a contract for three years' engagement of the Flora Opera Company, managed by Mr. W. W. Flora of this city. Next year, Mr. Flora announces, the name of his company will be changed, the organization appearing under the title of the English Opera Singers. The remarkable success of the Flora Opera Company since its organization is a pleasant compliment to the management and membership of the organization.

Miss Maxine Elliott opened her two weeks' engagement at the Lyric theatre, Chicago, Monday night, Nov. 28, playing in Frank Statton's comedy, "The Interior Sex." This play has to do with a woman hater who is writing a book on woman-hating, and who has sailed off alone on his yacht, that he may be undisturbed. During the action of the play he rescues a lady and naturally his plans are upset and his book feeds the fishes. Miss Elliott is the only woman in the cast. Frederic Kerr plays the role of the woman-hater, and O. B. Clarence has the part of the valet, the principal comedy role. T. Tamoto, a Japanese actor, plays the other principal role.

The Vogel Minstrel Company, now playing the south, is about to start on its return northward. The company is headed by Charles Gano, with Billy Burke as second end comedian. Good business has been the rule.

Manager Bassett of the Orpheum is expressing satisfaction with the growing patronage at the family theatre. Very well, Mr. Bassett, the better the offerings the greater the attendance, you know.

The fight pictures at the new Empire theatre grew big business Thursday and Friday, afternoon and evening, and served as an excellent opener for the new picture house.

Excellent progress is being made on the new Mazda moving picture theatre, which will be opened by William Schlegel at an early date. The new house has an excellent location and when finished will doubtless be visited by a large patronage.

Des B. Kirk, formerly of this city, formed one of a box party of Newark and Mr. Vernon boys as the guests of Mr. Chambers of the Hyde Theatre party at the Grand Opera House at Caition Thursday evening. During the course of the entertain-

## WEBER-FIELD GIRL MAKES PARIS HIT

**Bessie Clayton.**  
Bessie Clayton, whose agility and abandon attracted thousands to the Weber-Field shows in the United States, is performing with all the rest of those days in Paris. She is the hit of "Vive Paris," a new revue at the Olympia and Parisian critics say she can stay as long as she likes.

to keep her love for her husband, a white—her happiness. With the advent of the child comes the final struggle, with victory for the woman. The scenes are laid in London and the deserts of Arizona.

At the Auditorium theatre Thursday evening, Dec. 10.

**"They Loved a Lassie."**

Daniel V. Arthur, the laughter magnet who cornered the fun market with "A Matinee Idol," "Judy Forgot," "Marrying Mary," and many other successes, will bring to the Auditorium theatre Monday night, Dec. 12, Charles E. Evans and Adele Ritchie as co-stars in "They Loved a Lassie," a new comedy with music by George Arliss and Silvio Hein. There is just enough of the Scotch brew in "They Loved a Lassie" to make it merry and tuneful, two of the scenes being laid in London and a third in the Scottish highlands.

**"The Red Mill."**

Extravagant praise is generally suspicious, but in announcing the forthcoming engagement of Martin & Emery's company's production of "The Red Mill" at the Auditorium for performance on December 11, the management has scarcely done the play justice. It has already demonstrated its worth and lasting. It was originally produced at the Knickerbocker theatre, New York, where it was given continuously for one entire year and played to the largest gross receipts ever known at that theatre; engagements of three months each in Chicago, Boston, Philadelphia followed. "The Red Mill" is by Henry Blossom and Victor Herbert, whose earlier success "Mlle. Modiste" easily precludes the need of all musical composers.

**MR. FRED NEDDERMEYER.**  
Director of Neddermeyer's Band, at the Auditorium Theatre, Sunday, December 11.

## PATRIARCHS INITIATE 14 CANDIDATES

Famous Coshocton Drill Team Put on the Work—Fine Banquet Served During Evening.

One of the largest gatherings of secret fraternal men that has come together in Newark in a long time was that of Friday night when a large number of Patriarchs militant from a number of the adjacent cities came here to assist in initiating a large class of candidates.

For some time past efforts have been made to increase the membership of Canton Olive, No. 90, of this place, and the result of their efforts was that a class of fourteen candidates was held in readiness for initiation.

The time set for the initiation was Friday evening, December 2, and invitations were sent out extending an invitation to Chevaliers in all the adjacent cities to attend the meeting.

A large number of Chevaliers from Coshocton, Zanesville, Canton and Miamisburg, including the famous team of Coshocton lodge, were in attendance. Nearly all the members of the Cantons from Zanesville, Coshocton and Newark, which comprises the First regiment, were present, and made a very imposing appearance.

The members of the Coshocton team, twenty-four in number, arrived in Newark on the 6:05 p. m. train, and were met at the depot by the reception committee, which escorted them to Odd Fellows hall, after which they were taken to Kuster & Co.'s restaurant, where they took supper.

After supper the members of the team returned to the Odd Fellows hall, where the meeting was called to order at 8 o'clock by Chief Chevalier Wilkins, after which the lodge was turned over to the members of the Coshocton team who proceeded to the work of initiating the candidates that were in waiting. First came the line of march. The procession was headed by the Patriarchs drum corps, then came the candidates who were followed by the different Cantons of the First regiment. After the procession had been formed the line of march was taken up and included a parade around the public square, the whole making a very imposing appearance.

The field officers of the regiment are Major General L. R. Stalker of Miamisburg, Col. O. F. Balingier of Dayton, Lieutenant Colonel J. E. Glass of Coshocton, Major H. C. Smith of Zanesville, Surgeon Captain P. H. Cosner of Newark.

After the parade the candidates were duly initiated and pronounced full fledged Chevaliers, after which a fine banquet was served in the dining room.

## SPANKED GIRL HAD MOTHER ARRESTED

New York, Dec. 2.—On the ground that she was humiliated by being

spanked with an old brown slipper, 11-year-old Frances Bahner had her mother arrested. Now Magistrate Preschl is trying to decide how old a girl must be to escape a spanking. "I'm the mother of sixteen children and guess I have the right to spank them, if I want to," Mrs. Bahner said. "I just don't see," cried Frances, "I'm too old to be spanked with a slipper."

"She made fresh with me and gave me back-tack," explained the mother. "She made faces at the soup." The magistrate took the case under advisement.

**DEAFNESS CANNOT BE CURED**  
by four applicants, as they cannot reach the disease portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out of this tube restored to its normal condition, and hearing will be destroyed forever. Nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give you a Hundred Dollars for any case of deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure, a few drops in the ear.

## GRANVILLE NATURAL GAS CASE ARGUED

Submitted to Court Today on Demurrer to Petition—Village Bond Increased.

The case of the Village of Granville vs. Crawford Natural Gas & Fuel Co., was argued and submitted to the court Saturday on a demurrer to the petition. The suit is brought to restrain plaintiff from advancing the price of natural gas in the village. Plaintiff says that unless the defendant is restrained by injunction, plaintiff and the citizens will be required to pay for gas 22 cents per thousand cubic feet on and after December 31. Plaintiff says that the attempt to raise the price of gas is contrary to the ordinance of June, 1908, fixing the price of gas from 1908 to 1918. The defendant replies and says that it never accepted the terms of said ordinance, or operated under it, but that it repudiated the ordinance, that no contractual relation exists as far as said ordinance is concerned and that the Gas company has a right to increase the price, and that the duty is upon the village to show assent to and compliance with the terms of the ordinance.

The village authorized the Gas company to lay pipes in the streets in June, 1898. The price for gas authorized at that time to be charged was 25 cents per thousand cubic feet. Ten years after that time, being the limitation of time within which the rate fixed was binding, the council, under the statute, changed the price of natural gas from 25 to 15 cents, and fixed a flat rate. It is contended by the defendant that, because the petition filed in this suit does not allege that the rate fixed in 1898 was accepted by the Crawford company by a written acceptance filed by the company with the clerk of the council, that the rate, fixed by the ordinance of 1898 is inoperative and not binding upon the company.

The court will announce its decision as soon as the authorities and statutes have been examined. When the preliminary, or temporary, injunction was granted upon the filing of the petition, the bond to be given by the village was fixed at \$500, to indemnify the gas company, should it be found that the temporary injunction had been wrongly granted, to the damage of the gas company.

This bond was increased at this hearing to \$2,000.

## TRIAL OF WATHA STARTED TODAY

### First of Fifteen Murder Cases in Connection With Etherington Lynching Being Heard by Judge Mansfield

#### Defense's Challenge of Irregularity in Choosing Venue Overruled and Selection of Jury Proceeds—Brief Resume of Events of July 8 Which Resulted in Two Deaths.

The events leading up to the present trial are too well known to need any extended resume, but it may be briefly stated that they have rapidly followed the lynching of Carl Etherington on July 8th last.

Montelle Watha, a Haytian, was one of the many suspects who were thought to have been implicated in the rioting, which culminated in the lynching and it was said incited and encouraged the mob by an inflammatory address in front of the jail on the fatal night.

When the authorities began making wholesale arrests of suspects, Watha could not be found, and a diligent search was made for him, which finally was rewarded on Tuesday morning, July 12, when he was apprehended.

Watha was seen on the streets that morning and a report was made to headquarters that he had gone to the home of a woman named Laura Jones, on Railroad street.

Chief Hindel, Patrolmen Callan and McClure, Chief of B. & O. Detectives Bennett and B. & O. Officers Andrews and Miskel surrounded the house.

McClure and Callan went into the house and arrested their man, who made no resistance. He had no weapons of any kind. He was given a preliminary hearing and bound over to common pleas court, on a charge of murder.

A special grand jury called to investigate the lynching convened Monday, July 18, and was charged by Judge Seward.

The special grand jury made a partial report, returning 15 indictments for first degree murder, one being against Watha, on August 10.

Watha pleaded not guilty September 8th.

Judge Nicholas of Coshocton, heard application for bail November 9th.

November 12th, application refused.

November 14, Judge E. M. Wickham fixed December 5 as the date of trial of the first degree murder cases.

November 15, special venire of 36 names drawn by Clerk Larson and Sheriff Slabaugh, from which a jury of 12 is to be selected to try the first case.

Prosecutor Smythe decided to try the case of Watha first, and Monday, December 5, he was placed on trial for his life.

Never before in the history of Licking county has so much interest been manifested in the trial of a murder case, as that which is apparent in that of Montelle Watha, which opened Monday.

Other crimes have been committed, just as atrocious in the nature of the actual murder, some surrounded by mysteries which have never yet been solved, but the sensational features which surrounded the crime for which Watha is on trial were lacking.

These features were of such a nature, striking, as they did, at the very foundations of government, as well as shocking the sentiment of society, that they attracted national attention, it may be said, international attention. Newspapers from Maine to California, as well as in London and Paris, carried not only the news, but editorial comment, upon the terrible tragedy of Carl Etherington's death at the hands of an infuriated mob on July 8th last, when he was hanged on the public square.

The events leading up to the death of Etherington are too well known to be expatiated upon here, but the fact that he was lynched was enough to arouse a feeling that every safeguard of human life, every bulwark of the security of society as vouch-

safed by the law, was being assailed and this feeling was universal.

It is this, undoubtedly, that accounts for the tremendous interest that is being shown, by all classes, as was evidenced when court opened in the common pleas chamber, with Judge Edward Mansfield of Mansfield on the bench.

Every class and every condition of humanity were represented.

Ministers of the gospel, lawyers, newspaper men, mechanics, laborers, professional men, penologists, business men, court habitués, men of the street, the lame, the halt and the blind, were all to be seen in the motley gathering, who evinced great curiosity commensurate with their disappointment when the case was adjourned until 1:30 o'clock Monday afternoon, while Judge Mansfield went into consultation with the prosecutor regarding formalities to be observed during the trial.

Prosecutor Smythe, for the state, will be assisted by W. H. Miller, assistant attorney general of Ohio, while Thomas L. King will represent Watha, assisted by Charles L. Flory.

The defendants' attorneys Monday morning filed a challenge to the array of the venire of 36 men, from which 12 men will be selected to try the defendant, alleging an irregularity.

The prosecutor issued a praecipe to the clerk to summon the 36 men in the case of Ohio vs. Ed. Snoeller and others, among the "others" being Watha, but his name was not mentioned. Watha being one of fifteen charged with the same offense.

Out of the "others" Prosecutor Smythe selected Watha, instead of the man named in the praecipe.

The sheriff served the summons in accordance with the praecipe.

The omission of Watha's name, the defense claims, was a fatal irregularity, which invalidated the entire venire.

Should the court uphold this view the present venire will be dismissed and a new one will have to be drawn by the clerk and sheriff, the same as before, which will delay the trial for at least 15 days longer, as the summons must be made by the sheriff at least 15 days before the day the court shall set for trial, and allowing at least four days for such service after the names are drawn.

Even if the names should be drawn today, and the trial day set, (which is hardly possible) it can be seen that 19 days must elapse in the event of the court sustaining the challenge to the array.

Promptly at 1 o'clock Bailiff Legg opened court and Judge Mansfield

took his place on the bench.

At 1:15 Sheriff Slabaugh brought in the defendant and called the case of Ohio vs. Montelle Watha.

Every attorney connected in defending any of the men charged with being implicated in the riot of July 8 was present and much interested in the proceedings.

The state announced that it was ready for trial.

For the defense, Mr. Flory made a statement that a challenge to the array had been filed, which was substantially the same as is stated elsewhere.

Mr. Flory further stated that it was not until last Wednesday that knowledge was brought to Watha that he was to be tried separately from the other 14 men named in the indictment; further, that the jury commission did not put into the jury wheel the proper number of names, and that in selecting the names the jury commission acted in a manner prejudicial to the defendant.

Prosecutor Smythe stated that the burden of proof was upon defendant to show why the challenge should be sustained and until this was done the prosecution had nothing to say.

"I am inclined to overrule this challenge as I have read it," said the court, but Mr. Flory said he would like to introduce some evidence on his side, and was allowed to do so.

Clerk E. M. Larson was called and produced the praecipe, and returns upon the same made by the sheriff.

Some entries in the court docket were also read.

"The present case was selected for trial, separately from the others, last week, on Tuesday or Wednesday," said Mr. Larson.

The list of names placed in the jury wheel was produced and placed in evidence.

George Stinson, one of the jury (Continued on Page 2 Col 3.)

## FINAL SESSION OF 61TH CONGRESS CALLED TODAY

Washington, Dec. 5.—Promptly at 12 o'clock Vice President Sherman and Speaker Cannon on their respective rostrums tapped their gavels and the final session of the 61st congress was opened. The first heavy snow of the season greeted the opening session. The attendants of members were very meager but the speakers' galleries were packed. Cannon received an ovation as he took his place. Resolutions were adopted depriving the death of the following members of the house: Bertrill of Massachusetts, Brownlow of Tennessee, Folger of Pennsylvania, and Gilmore of Indiana.

The house then adjourned out of respect to these men. In the senate resolutions on the death of McEnery of Louisiana, Daniels of Virginia, Clay

of Georgia, and Dooliver of Iowa were adopted and the senate adjourned out of respect.

Talk of an extra session was renewed today when Representative Tawney said he considered it almost necessary. His statement reflects his business toward the insurgent. He says there is doubt if even the regular appropriation bills can be passed at the regular session. He says the many special days which are set aside by the rules forced upon the house by the insurgents preclude the possibility of much new legislation getting through.

A great ovation greeted Champ Clark when he entered the house. The Democrats rose in a body and a storm of applause swept from floor to galleries and back to the Republican side.

## LEBLANC TRIAL; DEFENSE SCORES

Cambridge, Mass., Dec. 5.—The LeBlanc trial was given her post mortem when the court took out testimony as to what happened in the case of the Attorney General. Elmore was called to the stand and testified that Mrs. Glover had a letter from him on the 10th of July, 1910, in which he asked her to send him a letter from the electric chair or set.

These affidavits were filed during the progress of the trial by Wendling's attorneys in an effort to disqualify the jury. Judge Gregory, however, ordered the trial to proceed.

Wendling spent a quiet day at the jail. His only statement was made when the verdict was announced on Saturday night. "I either killed the girl and I didn't," said the condemned man. "They should either send me to the electric chair or set me free."

#### Death Announced at Close of Service Sunday Morning and Funeral Arrangements Will be Announced Late Today—Leaves Fortune of Over Million.

Boston, Mass., Dec. 5.—The funeral of Mrs. Mary Baker Eddy will take place at her late residence in Newton, a suburb of Boston, at 11 a. m. Thursday. The services will be private. The announcement does not state where the interment will be held.

Boston, Dec. 5.—Mrs. Mary Baker Glover Eddy, the discoverer and founder of Christian Science, is dead. Announcement of the passing of the venerable leader, which occurred late Saturday night at her home at Chestnut Hill, a suburb, was made at the morning service of the mother church, in this city, Sunday.

Natural causes explain the death, according to Dr. George L. West, a district medical examiner, who was summoned a few hours after Mrs. Eddy passed away. Later Dr. West added to his statement by saying that the more immediate cause was probably pneumonia.

The news of Mrs. Eddy's death was made known simultaneously by Judge Clifford P. Smith, first reader of the mother church, at the close of the morning service, and by Alfred Farlow of the Christian Science publication committee, in a statement to the press.

According to Mr. Farlow, Mrs. Eddy passed away at 10:45 Saturday night.

"She had been indisposed for about nine days," said Mr. Farlow's statement, "but had been up and dressed and as late as Thursday transacted some business with one of the officers of the Christian Science church. She took her daily afternoon drive until two days before her going. Saturday night she fell quietly asleep and those around her could at first hardly realize that she had gone. Her thought was clear until the last and she left no final message."

"No physician was in attendance, but she had the assistance of the students who comprise her household. With her at the time of her departure were Mr. Calvin A. Frye, Mrs. Laura E. Sargent, Mrs. Elia S. Rathvon, Rev. Irving C. Tomlinson, her corresponding secretary; William R. Rathvon and her secretary, Adam H. Dicke."

"No arrangements regarding the time or the place of her burial have yet been decided upon. It is well known to her household that she believed in simplicity on such occasions and, in compliance with this knowledge, it is expected that the service will be private and of a simple nature, consisting probably of prayer and readings from the Bible, with some brief selections from the Christian Science textbook. Only her relatives, her household and the officials of the church are expected to be in attendance."

"There having been no physician in attendance, Dr. George L. West of Newton Center, medical examiner for the district, was called early Sunday morning. Dr. West, after an investigation, pronounced the death due to natural causes and issued the customary certificate."

"A telegram was sent to her son, George W. Glover, of Lead, S. D., apprising him of his mother's death, and was also read at many other Christian Science churches in this section of the country."

Dr. George L. West, the medical examiner who was called to the home of Mrs. Eddy and who filled out the death certificate, made the following statement last night:

"I was called to the home of Mrs. Eddy early this morning and arrived there in my automobile about 9:30. I was met at the door by Calvin A. Frye and others of the household, who directed me to a bedroom on the second floor. Here I met Mrs. Sargent."

"I found the body of a woman of (Continued on page 4, col. 3.)

H., Jul. 16, 1821, and was therefore in her ninetyeth year."

There were few of the congregation at the morning service at the mother church who knew that the life of the teacher and leader had ended. The service was as usual, and the two readers, Judge Smith and Mrs. Leland T. Powers, presented the sermon of the day, "God the Only Cause and Creator," with voices that were without emotion and had no suggestion of sadness.

The routine service, which closed with a hymn, the reading of the scientific statement of being and the benediction, was strictly followed at the mother church, but just before the benediction, Judge Smith changed the usual form by saying:

"I shall now read part of a letter, written by our revered leader and reprinted on page 133 of 'Miscellaneous Writings.'"

"My Beloved Students: You may be looking to see me in my accustomed place with you, but this you must no longer expect. When I retired from the field of labor, it was a departure socially, publicly and finally, from the routine and from such material modes as society and our societies demand. Rumors are rumors—nothing more. I am still still with you on the field of battle, taking forward marches, broader and higher views, and with the hope that you will follow."

"All our thoughts should be given to the absolute demonstration of Christian Science. You can well afford to give me, since you have in my last revised edition of Science and Health your teacher's guide."

"Although these lines," said Judge Smith, "were written years ago, they are true today and will continue to be true. But it becomes my duty to announce that Mrs. Eddy passed from our sight last night at 10:45 o'clock at her home on Chestnut Hill."

Only those who sat through the service with the knowledge of the momentous event of a few hours before heard the benediction. Then the greater part of the congregation left their seats in silence. There were no words of sorrow, although many a tear was shed. The strains of the recessional on the great organ were as joyous as ever.

As the church-goers scattered after the services, the question of future leadership was referred to with great reserve by the leaders and others. Those who expressed a view said there would be no change in the method of carrying on the work. That Mrs. Eddy's teachings and instruction would be implicitly followed and the church that she founded would continue to grow in the future as it had in the past. It was pointed out that with the exception of a few routine matters the actual direction of the church work was relinquished to a great degree by Mrs. Eddy some years previous to her death, although she continued to keep in close touch with those to whom she had entrusted the work and had a clear understanding of how it was being performed.

The notice which was read at the morning service of the mother church was repeated at the evening service to an unusually large congregation, and was also read at many other Christian Science churches in this section of the country.

Dr. George L. West, the medical examiner who was called to the home of Mrs. Eddy and who filled out the death certificate, made the following statement last night:

"I was called to the home of Mrs. Eddy early this morning and arrived there in my automobile about 9:30. I was met at the door by Calvin A. Frye and others of the household, who directed me to a bedroom on the second floor. Here I met Mrs. Sargent."

### MR. O. G. KING COMPLIMENTED

Newark Man Superintended the Construction of New Machine Bottle Plant at Fairmont.

Mr. O. G. King, of this city, has been in Fairmont, W. Va., for some time, superintending the construction of a machine bottle factory.

The Fairmont Times, in describing the new plant, says Mr. King a compliment by saying:

"The plant has been rapidly constructed under the guidance of the most competent engineering available for that kind of work, and Mr. King has shown his efficiency by the character of the workmen employed by him. . . . It was shown at the inspection that each of the six machines has a capacity at this factory of 10 bottles per minute. The machines will not all be in operation for several weeks yet."

"The six machines set up are each the duplicate of the others and each contains ten single machines. As the compound machine revolves on its shaft it brings each single machine in such relation to the revolving tank that when a pipe from said single machine noses into the molten glass in the revolving tank it takes up enough glass to make the particular sized bottle the pattern for which is in the mold of that individual machine. When completed the bottles slide down a chute into a hopper and are then placed on the conveyor of the automatic belt. When the bottles and a number of other interesting articles were here from Toledo a few weeks ago, one of the compound machines was in running order, but the attachments were not completed until last week and the making of bottles for shipment was begun by the starting of the completed machines on Saturday, in the presence of Mr. M. J. Owens, the inventor of the Owens bottle glass blowing machine."

### MURDER TRIAL

Continued from Page 1. Commissioners of the county, was called and asked when the commission met, which was expected to be by the state, which claimed that this fact was a matter of record.

A court entry recording the appointment of the jury commission was read.

Mr. Stinson then said that he, with the commission, but the state objected to him being what was done maintaining that the record, thus, showed that the proceedings could not be given by oral testimony.

Mr. Flory contended that where a record was silent on any question, he had a right to introduce oral testimony to show what the commission was.

Mr. Stinson was then asked if he had been relieved of the jury commission and not signed the "dry" entry of what was shown to be a "dry" entry.

The state's objection was sustained and defendant took exception.

After some further heated argument, Judge Mansfield overruled the objection, and the defendant accepted.

The venire was allowed to stand as drawn by the clerk and sheriff, and the entire thirty-six men, were brought into court, to answer to their names as called by the clerk. All but five answered and these were sent after, causing a long delay.

The overruling of the challenge to the array was the first legal victory in the case and went to the state.

**STATEMENT OF PROSECUTION.** We have worked hard before the grand jury and have sifted every scrap of evidence fairly and impartially and believe we have a strong case against the defendant, which will result in a conviction. Further we do not wish to say.

W. H. MILLER.  
P. B. SMYTHE.

**DEFENDANT'S STATEMENT.** We expect to prove that Montelle Watha had nothing to do with the lynching of Carl Etherington, and from the evidence we shall adduce, believe the jury will give us a verdict.

T. L. KING.  
C. L. FLORY.

Some misapprehension exists as to the man Watha, who is charged with murder in the first degree and placed on trial Monday morning. His correct name is Evelyne Watha, and he was born in Bombay, India, about 51 years ago. The first name means in the Indian language, as near as there is an English equivalent, Christ, Savior, or Messiah.

When seven years of age his parents took him to the island of Jamaica, and in a short time to Hayti, where he lived a number of years.

A number of years ago he landed in New York and went into the service of a southern family who owned a large plantation in Virginia, where he was sent to work.

About 10 years ago he came to Newark and went to work in the boarding house of Mrs. Marvelton Moore, and was well thought of by the boarders, who had difficulty in remembering his first name, and nicknamed him "Montelle," soon to be shortened to "Monty."

He was an expert waiter and worked at the Warden and Sherwood hotels, as well as serving at some of the most elaborate as well as exclusive social functions given.

He has also acted as coachman for Mr. W. C. Miller and also worked for Mr. Harry Swisher and others. He has also been janitor of the Licking County Bank & Trust Co. and caretaker of Assembly Hall.

Probably the best remembered murder trial in Licking county in the past 25 years have been those of "Jeff" Bolling, Wm. Gorman, B. G. Evans and Levi Bevard.

That of "Jeff" Bolling in 1885 was of the brutal murder of John Douglass, a prominent farmer living near Homer and husband of Bolling's aunt, who was Douglass' second wife.

Steve Douglass, a son by a former marriage, was also indicted for the same crime. Douglass was found on his farm floor, with his head crushed, under the heels of a vicious horse, and it was made to appear that his brains had been trampled out by the animal.

The finding of a bloody mail, however, pointed to murder, and the case went to trial. After a sensational trial, in which Douglass turned state's evidence, Bolling was found guilty and sentenced to hang by the late Judge S. M. Hunter. The famous "Weaver" criminal lawyer, James McSwain, assisted prosecutor James E. Lawhead in this case.

Bolling's sentence was commuted and he was finally pardoned. Bolling was defended by Hon. J. B. Jones, Hon. Gibson Abernethy and Hon. J. W. Owens, all now deceased. The evidence, except Douglass', was purely circumstantial.

Soon after this William Gorman was arrested for shooting Officer Roach while the latter was attempting to arrest him. Gorman was defended by very able John R. McSwain, assisting him was found guilty and sentenced for life, but was later pardoned and died some years ago of tuberculosis.

Byron Evans, in 1896, at Union, Ohio, killed a man named Armstrong at a "bolling." Judge Hunter led in his defense and he was acquitted.

The case of Levi Bevard, accused of the brutal murder of his aunt, Mrs. Wertz, near Chatham, in 1900, James term, is of too recent date to need any comment. The trial was bitterly fought, resulting in Bevard's acquittal. J. R. Fitzgibbon prosecuted and Smythe & Smythe defended Bevard. The murder occurred in the fall of 1905.

These cases are the greatest source of local interest. Very few persons in this county died from this disease in the working class quarters, as compared with sixteen in the other districts.

One of the greatest sources of local interest is the case of the murder of Carl Etherington, which was expected to be by the state, which claimed that this fact was a matter of record.

A court entry recording the appointment of the jury commission was read.

Mr. Stinson then said that he, with the commission, but the state objected to him being what was done maintaining that the record, thus, showed that the proceedings could not be given by oral testimony.

Mr. Flory contended that where a record was silent on any question, he had a right to introduce oral testimony to show what the commission was.

The state's objection was sustained and defendant took exception.

After some further heated argument, Judge Mansfield overruled the objection, and the defendant accepted.

The venire was allowed to stand as drawn by the clerk and sheriff, and the entire thirty-six men, were brought into court, to answer to their names as called by the clerk. All but five answered and these were sent after, causing a long delay.

### MRS. GEO. ABBOTT SHOT SELF WITH REVOLVER TODAY

Had Been Despondent and Taking Husband's Gun, Sent Bullet Crashing Through Heart.

Mrs. Maggie Abbott, aged 41 years, wife of Police Patrolman George Abbott, shot and killed herself at her home, 545 Granville street, at 12:20 o'clock Monday afternoon. Coroner Marriott gave his verdict as suicide.

Mrs. Abbott attempted her life two years ago with canalic acid.

Although the domestic relations of the Abbots have not been wholly peaceful, the rash deed of Mrs. Abbott is believed to be due to a fit of despondency due to prolonged illness.

Patrolman Abbott, whose beat covers the north side of the public square, arose about 12 o'clock Monday noon and came down stairs to find his wife sitting in front of the kitchen fire with what he describes as a wild look in her eyes. As he passed her she said: "I might as well end it now, all of it," or words to that effect. Mr. Abbott, thinking little of his wife's remark, since her despondency she frequently made similar threats, continued and passed on out to the summer house.

Almost immediately he heard the report of a revolver in the house, and without returning he rushed to the home of his neighbor, Barney Walker, 547 Granville street, telling him of his fears. The two hastened back to the house where they found Mrs. Abbott lying dead at the head of the stairs, her husband's revolver at her side.

The revolver had been taken from the parolman's holster, which hung near the stairway entrance. In firing the fatal shot the woman held the weapon directly over her heart at such close range that her clothing was badly burned. The revolver is a .38-caliber Smith & Wesson, regulation police gun.

Alfred Hall, another neighbor, who had been summoned by telephone, was the next to arrive on the scene and he immediately telephoned for Deputy Coroner Wylarch.

Following the examination of the body by Coroner Marriott and his deputy, the body was removed to McGonagle's undertaking establishment.

Mrs. Abbott survived by six sons of Samuel Lainger, a former husband. She was the daughter of John Orwig, No. 1 Liberty street, Ashland, Ohio.

The funeral arrangements have not been made.

### POLICE COURT

Two drunks and one letterer drew the usual fines and costs in police court Monday morning. Each paid out.

Three foreigners were held on a charge of disorderly conduct and in this same connection Rose Shell and Mame Gavvin of 112 Walnut street, were arrested. The former was assessed a fine and costs for operating a house of prostitution, and the latter for being an inmate. It was charged by the foreigners that one of the women shot at them. They alleged that one of their party was pulled into the house by one of the women and that when the remaining two endeavored to save him they were shot upon. The evidence showed that the woman shot a brother into the air to frighten the men away, and the case was dismissed by the mayor.

## Keeping White Floors White

Most housekeepers would prefer to keep the kitchen floor unpainted and "in the white," were it not for the labor of keeping such a floor in satisfactory condition. However, the work of scrubbing will be lightened and milk-white floors can be easily attained, by dissolving in each pailful of warm water a tablespoon of Gold Dust washing powder. If scrubbed this way each week old stains that seem to be ground into the wood will soon disappear altogether. This is also excellent for scrubbing stone steps and wood work.

Recipes for Dec. 6, 1910.  
Fruit Bread. Take any kind of canned fruit and thick slices of stale bread. Spread the bread with butter, beat the fruit and syrup. On a platter spread two or more of the slices, pour part of the fruit over them; on this put another layer of bread and hot fruit and so on until the right quantity is made. Use plenty of fruit and syrup, as the bread must be thoroughly soaked. Set away until very cold, then serve with cream or a plain boiled custard.

Boiled Indian Pudding. Steam one cupful of seeded raisins for fifteen minutes. Put through the chopper sufficient beef suet to make one cupful. With this mix one quart of corn meal, the steamed raisins, one teaspoonful of salt, one cupful of molasses and sufficient boiling water to make a very thick drop batter. Turn into a stout cloth which has been wrung out of cold water and well floured on the inside. Tie up rather loosely to allow for swelling. Put a trivet or a plate in the bottom of a deep pot and pour in sufficient boiling water to more than cover the pudding. When the water boils again drop in the pudding and keep the water at a rapid boil for three hours. Keep the teakettle full and boiling that the pot may be replenished when necessary without lowering the temperature, or the pudding will be heavy. Serve with hard or soft sauce.

## POOL ROOMS WERE ORDERED CLOSED

In pursuance of an order issued a few weeks ago, three pool rooms were closed by Chief Hinde, Sunday. The order was issued by Mayor Attkin to go into immediate effect, but through a misunderstanding one man opened his place of business a week ago and others followed. Chief Hinde has informed the operators that their pool games are to remain closed on Sunday unless otherwise ordered.

## AMUSEMENTS

He's Smiling Yet.

Saturday evening a reporter of the Advocate met Manager Bassett of the Orpheum. He was supporting a smile that reached from ear to ear, and on being questioned as to the cause of the smile, he unfolded a telegram he was carrying in his hand, handed it to the reporter and said: "Read that, and if you were in my place, you would smile, too." The re-

porter read the telegram, which was from Mr. Murray, owner of the Orpheum circuit. It read something as follows:

"Have at last succeeded in booking the Bachelor and the Babies. They play your house all next week. Had to guarantee them a pretty stiff figure, but they're worth it."

Mr. Bassett smiled again as he heard the reporter read the telegram over. "That's the one best piece of news I've had since being connected with the Orpheum," said he. "While the Bachelor and the Babies is practically a new show this season and it has been smashing house records all along the line, and, naturally, wanting to do all the business I can here in Newark, I am overjoyed to learn that I am to have a show of this caliber. I've been smiling ever since I received this news and shall smile until I see the Bachelor and the Babies, when I expect to roar, if reports I receive from other towns are true." When the reporter met

him this morning he was still smiling. It simply won't come off.

Musical Comedy Cancels Newark. Owing to beginning their New York run earlier than expected, "They Loved a Lassie," the big musical show, will not be seen in Newark until after the first of the year. Having an opportunity to open their city engagement, the company cancelled Newark and Pittsburg, the last two stops before entering New York.

THE MIDNIGHT SONS.  
After 38 consecutive weeks in New York, 12 in Boston, 8 in Philadelphia and months in Chicago, Lew Fields' mammoth musical production, "The Midnight Sons," with the original cast and a supernumerary contingent of over 200 people, will be the extraordinary offering at the Colonial theater, Columbus, for three nights, Thursday, Friday and Saturday, December 8, 9 and 10, with matinee Saturday.

Lew Fields and the Messrs. Schubert, who control this enormous production, are to be congratulated on having kept intact practically all the principal members who figured in the memorable production at the Broadway theater, New York.

"The Midnight Sons" has been written in ten scenes. Some of these are marvels of ingenuity and picturesqueness. One of them shows the interior of a theater with tiers of boxes, orchestra seats, balcony and galleries, there being seats on every floor with occupants in every chair. This scene is further enlivened by a special performance which is given on the stage of the theater by a company of vaudeville headliners, who are carried as a feature of "The Midnight Sons." There is a train scene showing a Pullman train in motion, with a honeymoon party standing on the rear platform. The whole piece is interspersed with 20 musical numbers. The original production is absolutely guaranteed. The company travels in a special train, six cars are required to carry the baggage.

## NEW LAMPS FOR DISPLAY WINDOWS

Quite an improvement is noted in the large vestibule of the Powers-Miller company's store. Eighteen new Weisbach lamps have been placed, lining the windows on the outside and the effect is very good. The lamps were furnished by Fred C. Evans and installed by Orin Seward. These lights are very satisfactory and give a white light that is excellent for business purposes.

## GOOD GAS WELLS ARE DRILLED IN AT GRANVILLE

Many New Wells Will be Started in the Spring—News of a Thriving Little City.

Granville, Dec. 5.—During the past few months the work of prospecting for gas in the vicinity of Granville has been greatly stimulated by the fact that several fine wells have been drilled in. It has been demonstrated to the satisfaction of those who are most deeply interested that we are right in the midst of one of the greatest gas fields in Central Ohio. There has been but comparatively little development work done in this vicinity, but what has been done has been productive of most satisfactory results. New wells are being drilled in on all sides of the village. With the coming of spring a great revival in the Licking county gas field is looked for.

Rev. E. Haskins of this place, spent several days with friends in Millersport.

On the first snowfall of the season that succeeded in covering the ground less than two inches, the small boys had considerable fun coasting. On the Sugar Loaf hill several of the little fellows had their sleds and coasters out shining up their runners.

If you would have the choicest articles as gifts for your friends, better do your shopping right away. If you wait you must take what some one else leaves. And none of us like to do that. But the merchant can't help it. First to come must be served first. That is the rule of all successful merchants.

G. F. Richards, who lives a short distance southwest of the village, is suffering from a severe sprain of the elbow of his left arm, the result of a severe fall. He was returning home from the village Saturday night when he slipped and fell, sustaining painful injuries.

The man who leaves his horse unblanketed while he goes inside to get warm ought to be forcibly reminded that snow may be pretty to look upon, but is cold to stand on.

The sound of sleighbells does not stir the blood nor quicken the pulses as it did in the olden time. The young people of today do not know what a sleigh ride really means.

One of the most attractive events of the past week was the bazaar held by the King's Daughters of this place last Friday night in the new municipal building. The large hall was crowded during the entire evening. All sorts of seasonable offerings in both fancy work and necessities, edibles and an especially beautiful line of dainty Christmas articles were among the attractive features of the sale, which was one of the most successful ever held by the King's Daughters.

Mrs. Ida McDonald and daughter, Miss Clara, spent Sunday in Granville, at the home of Mrs. McDonald's brother, F. L. Ferguson.

The sound of sleighbells was heard for the first time this season in Granville Monday morning, when a few enthusiastic lovers of the sport ventured out in their cutters.

Overcoats of the heavy kind were prominent on the streets Monday morning. The reason was that King Lear had the village in his grasp and was ably assisted by the snow god, whatever his name may be. There was a sudden fall in the temperature that added to the general unpleasantness, and altogether Monday was a genuine winter's day, the first really of the season.

## MAYOR'S BANQUET TO PATROLMEN A GRAND SUCCESS

Many people wondered what was going on Saturday evening (that occasioned the long parade of police patrolmen north from headquarters. There were a few in whose minds there was no doubt and they were the police themselves.

Mayor Ankele's chicken dinner served at Plymouth Congregational church to the patrolmen, Director of Safety Fletcher Scott and the police reporters of the Advocate and American Tribune was a "swell elegant" affair. The feast was admirably prepared by the women of the church and the menu consisted of roast chicken, with dressing and gravy, mashed potatoes and celery, cranberry sauce, ice cream (a la Hindel), cake, coffee and cigars. Short talks were made by the mayor, Safety Director Scott, Chief Hindel, Captain Swank and Patrolmen Hager and Callan.

## OFFICER BURKE BACK ON DUTY

Patrolman C. O. Burke, who has been off duty for several days on account of a severe attack of the grip, went back on the job Monday morning, being assigned to headquarters in the place of Patrolman Sutton, who was given two days' leave of absence. Patrolman Sutton has gone to his farm near Alexandria for a little vacation. Patrolman Ed. Hurlbaugh has been assigned to the Nork Park Place beat.

## MR. KUSTER OF COLORADO IS THE GUEST OF FATHER

Mr. John A. Kuster, now of Denver, Col., who is a son of Mr. Joseph Kuster, Sr., of this city, spent Sunday afternoon with his father and family. Mr. Kuster until last spring was a resident of Columbus, having been editor of the Catholic Columbian for a number of years. After disposing of his interests at Columbus, he moved his family to Denver, where he took charge of the interests of the Colorado Orchard Development Co., as secretary.

This company owns 7000 acres of rich Colorado farming land and a large tract of the famous orchard lands in the Plateau Valley. In this section is the great Colorado apple industry, and the owner of a 5 or 10-acre orchard is as well fixed as a 160-acre owner in Ohio. These lands sell as high as \$4000 per acre when trees are in full bearing. They have just completed an irrigating ditch at an expense of \$150,000.

Mr. Kuster returned to Ohio to negotiate the sale of the right to manufacture concrete railroad ties to some eastern capitalists. This tie was patented by Mr. John Murphy of Columbus, and Mr. Kuster interested himself in the marketing and development of the scheme. This tie is pronounced a success by railroad engineers and a string of 50 ties has been in constant service on the Hocking Valley railroad for over three years without breakage or perceptible wear.

## OBITUARY

HARRY K. STEWART.

Word has been received here of the death of Harry K. Stewart, which occurred at his home in Hutchinson, Kan., Friday of last week, after an illness of three years with Bright's disease. Mr. Stewart formerly resided in Newark and for a long time was employed by the B. & O. R. R. Co., and is still remembered by many of the older railroad men of the city. About 25 years ago he removed with his family to Hutchinson where for some years he was a passenger conductor on one of the railroads running out of that city. He retired from the railroad business some years ago and since that time has been associated with the business interests of Hutchinson.

He is survived by a widow, who was formerly Miss Florence Victor of Newark, and five children, four sons and one daughter. The funeral services were held Sunday.

LUKE RUNNELS.

Uncle Luke Runnels, one of the oldest residents of Licking county, died at the home of his daughter, Mrs. Calvin D. Hand, in Appleton, at 1:30 Sunday afternoon. Mr. Runnels, who would have celebrated his 93rd birthday anniversary on the 26th of this month, had seemingly been in good health until last Friday when he suffered a slight stroke of paralysis. He was able to be about his home, however, until a few moments before his death.

Mr. Runnels had spent the entirety of his long life in this county. He is survived by two children, Mrs. Hand, with whom he made his home, and Joseph Runnels of Johnstown. A son-in-law, Fred Dumbauld, of Kansas, is expected to arrive at the home for the funeral, which will be held at Liberty chapel at 1:30 p. m. Wednesday.

KATHERINE ECKERT.

Katherine Eckert, daughter of Mr. and Mrs. Frank Eckert, died at her home in Oakwood avenue at 7:30 o'clock Monday morning after an illness of some time with lung trouble. The deceased was aged 20 years and is survived by seven sisters and two brothers.

The funeral services will be held Wednesday morning at the Church of the Blessed Sacrament.

A. A. SUMNER.

Carl Bausch, of the Gibson barber shop, received word Monday of the death of A. A. Sumner, which occurred at his home in Stamford, Conn., Friday, after an illness with a complication of troubles for six months. The news of the death of Mr. Sumner is of local interest from the fact that he was married to Miss Charlotte Garber, formerly of this city. The interment will be made in Albany, N. Y.

## TELLS HOW TO MAKE A PINT OF LAXATIVE COUGH SYRUP VERY CHEAPLY AT HOME.

The reason that most all cough syrups is ineffective, is that the ordinary preparations are very constipating and after a while they aggravate the congestion and bring on fever and pneumonia. To avoid pneumonia the bowels should be laxative and the cough will soon be overcome.

The finest acting, most pleasant tasting and laxative cough syrup can be made at home by any one. Obtain from a well stocked druggist 2 1-2 ounces of essence mentho-laxene; empty it into a pint bottle. Make a syrup with a pint of granulated sugar and a half pint of boiling water; stir and let cool. Then fill up the bottle with syrup. Shake it well and take a teaspoonful every hour or two until the cough is cured. This is the quickest acting and surest cough remedy ever conceived. All wholesale druggists and most retail druggists sell essence mentho-laxene.

**New Colds** Bad enough, to be sure. But old colds are worse. Better stop your fresh cold at once. Never hesitate to ask your doctor about Ayer's Cherry Pectoral. Use it or not, as he says. He knows.

**Daddy's Bedtime Story** "Who? Who?" Said the Owl They started Running

ONCE upon a time," said daddy, "there was an old owl which had its home in a big tree in the woods near a little country village. The owl, you know, is a wise bird—the wisest of all the birds. This owl had the habit of asking, 'Who, who?' just at the right time."

"Did he really ask questions, daddy?" asked Evelyn.

Daddy laughed. "No, dear, he did not. But the owl's cry, you know, sounds just like 'Who, who?' so the people thought that the owl was asking questions."

"One evening just as it was growing dark some mischievous boys met in the woods near the old owl's home. They were going to play a trick on some one by playing ghost. One of the boys was to put a sheet about him, stand at a gate and wave his arms while another boy threw a stone against the door to make the owner of the house come out. But while the boys were laughing over the fun they were going to have one of them said, 'But whom shall we play the joke on?' Just then the owl, which had heard them talking, said in his deep, deep voice:

"Who? Who? Who?"

"The boys did not expect to hear anything just then, and they were scared almost out of their wits. They thought some one had overheard them, so they ran home and gave up the idea of playing the trick."

"Another time there were two bad men traveling through the country looking for a house to rob. When they reached this village they stepped in the woods to make their plans. One of them said:

"Let's go and rob the house of Farmer Robinson. He's rich, and we'll get lots of money from him." But the other robber said:

"No, he's got a big, fierce dog, and, besides, he keeps a gun behind the door. Let's go instead and rob the Widow Jones."

"Just then right behind them they heard a loud, deep voice saying:

"Who? Who? Who?"

"They thought some one had overheard them, and it scared them so that they started running and never stopped until they were far away."

"Another time the schoolteacher was walking in the woods. She had promised a prize to the boy or girl who had done the lessons best. Two children had received equal marks, and she did not know to whom to give the prize. As she walked she said to herself: 'Shall I give the prize to Willie Brown or Susie Green?' Just then the owl said:

"Who? Who? Who?"

"But the teacher was wise. She knew it was the owl. 'I think, Mr. Owl, I'll give the prize to each of them,' she said."

**AFTER EFFECT OF THE GRIP**

It is fortunate that the Grip epidemic this year is milder in its action than in previous years. This does not mean that it is less dangerous. The after results of the Grip are apt to be exceeding serious. Do not take any chances, — for the general weakness, and to allay all bronchial irritation after the fever has passed, nothing equals Vinol, which is a delicious combination of the health-giving properties of the cod's liver, with the grease eliminated and tonic iron added.  
A lady from Long Branch, N. J., writes:—"The Grip left me in a nervous, weakened, run-down condition. After taking three bottles of Vinol I am better and stronger than I have been for years, and I cheerfully recommend Vinol to all who have been ill and need strength." (Name furnished on request.)  
After Grip or any severe illness try a bottle of Vinol with the understanding that your money will be returned if it does not restore your vitality and strength. F. D. Hall, druggist.

# Remember! ELKS MEMORIAL

## SUNDAY EVENING

### AT AUDITORIUM

Annual Lodge of Sorrow Drew Large Audience—Eloquent Eulogy by Attorney A. A. Stasel.

The annual lodge of sorrow, or Elks Memorial service of their absent brothers, was held at the Auditorium Sunday evening by Newark lodge, B. P. O. E. No. 391.

Both the balcony and lower floor were filled with friends of the order and the program started promptly at 8 o'clock in the evening in order that those attending church might have a chance to attend the memorial services.

The Elks met at their lodge rooms

ALBERT A. STASEL.  
Who Delivered the Elks Eulogy.

and marched to the Auditorium where seats had been reserved for two hundred and fifty members, each of whom wore a white carnation.

The ushers at the Auditorium were Messrs. Warren M. Brown, Stanley R. Miller, Fred T. Howell, Ralph Rossell and Homer Jones, in full evening dress, as were the programers W. T. Suter and F. R. Douce, and all the officers of the lodge who had seats on the stage.

After the lodge had been seated and a selection rendered on the piano by Miss Mary Hentze, the accompanist of the evening, the curtain rose on a beautiful stage setting. In the background on a box-in full stage an American flag was displayed which

was made more conspicuous by the electrical cross, entwined with smiles, on which were two tiny incandescent bulbs, representing the number of deaths in the order since its institution in this city. Below the flag and at each end of its drapery were two stands wrapped in the American colors each containing a large bouquet of American beauty roses. Stands at each end of the row of officers were also filled with handsome bouquets of hot house flowers while potted plants of lilies of the valley, and palms and ferns were strung across the stage immediately back of the footlights.

After the rendition of "Beautiful Land" by the House Quartet, composed of Messrs. B. F. McDonald, C. F. Ferguson, Merle D. Marshall and Fred S. Cosway, the invocation was asked by the Rev. L. P. Franklin, rector of Trinity Episcopal church, followed by "Some Sweet Day" by the quartet.

The opening services were then given in an impressive manner, Dr. H. H. Baker, Exalted Ruler of the Order, assisted by the lodge officers. Dr. Baker was in excellent form and his voice was clear and distinct, every word being discernible in every part of the house. The ritualistic work as translated by the Exalted Ruler and assistants embellished as it was with tender sentiments dear to the heart of every Elk, dimmed the eye of many a brother of the antlered herd. The Newark lodge of Elks certainly had reason to feel proud of its officers and as the persuasive and impassioned work fell from their lips in graceful and vigorous utterances not a sound was heard over the entire auditorium.

After the conclusion of the opening service "Nearer, My God to Thee" was sung by the lodge and audience, the House Quartet then rendering "Open Wide the Gates of Paradise."

Exalted Ruler Baker next introduced Attorney A. A. Stasel, who delivered the eulogy as follows:

"It is the custom and practice of people civilized and uncivilized in all ages to honor the memory of their dead. With some races of people this custom is observed as a religious duty. This disposition has its root deep in the human heart.

"When our friend passes out of life we forget his faults and foibles, we remember his virtues and the sterling qualities of his nature. Criticism is hushed and as we stand beside the bier his virtues are transcendent, and it is very proper this should be so. Our faults and foibles are of the flesh and they so remain. Thus we idealize our dear.

"When a friend or loved one goes out of the door of life we follow to the threshold and look out into the darkness whither he has gone and strain our vision to see the last trace of his departure, and after the vain endeavor we shut the door and return to our closet.

"We feel as if part of our life had

also gone. Those who shared with us our lives and fortunes have a common interest with us in them and when they go away they take their own part with them and leave us but our part. All we have, our pleasures, pains, fortunes and misfortunes, joys and sorrows are owned and held in common with our friends and loved ones and we never fully enjoy them even after they are past without the part owned by our friend. This gives joy to companionship. So we always feel the departure of those who have gone over the great divide and thus we have treasured over there. This world and the next is joined by a chain in which there are no broken links.

"It had often been said that our friends who have gone are often nearer us than those who are present.

"A man in mature life once related to me that he had lost his dearest friend when three or four years of age, and although he could not recall to memory at all, yet scarcely a week passed but that he felt she was somewhere near him. Whether she really visited him in spirit or the plastic mind of youth was moulded for life by a love no one can tell. This is not an unusual experience.

"The order of Elks have set apart this day in each year dedicated and consecrated it as a day devoted to the memory of those who have pledged their faith and fidelity to the principles of the order. To the memory of the share they have had in our lives, we assemble with music and flowers, sweetest symbols of the divine which is a part of us all.

"And all over this land today Elks meet each other in memory of their brethren who have joined the innumerable caravan that moves to that mysterious realm."

"We meet and open the lodge today for our absent brother. Absent in person but ever present in spirit and memory.

"In our lodge where we meet upon all occasions we have chiseled in imperishable marble the name of each absent brother whose name you have heard read here tonight.

"The marble is a symbol of our imperishable memory. So that in our meetings the symbol by which they were called in life recalls their memory now. They are absent but only in flesh.

"And as their names have been called one by one this evening many minds present have responded, he is here.

"If we look upon the dead thus, death is not so terrible a thing after all. It is a separation only in the physical sense.

"If I should recount to you today the virtues of these our friends as we saw them and knew them it would be but a meager account. You cannot know a virtue unless you have helped live it. And the highest virtue may

be the bearing a cross which appears to the world a fault.

"And I would have you tonight feel in your hearts the highest tribute that could be paid to the dead, a loving memory and the hope of a reunion.

"I wish we could as fully give this motto to the living as we give it to the dead. The faults of our brother we write upon the sands, as his virtues upon the tablets of love and memory."

"Then the first great wave of the ocean of time washing the shores of life will forever obliterate this writing and we will judge and be judged by our virtues. At heart God made all men good. It is but an act of self-defense when we judge our brother for his faults, and this is why we judge so harshly. What a different world this would be if we but wrote the faults and foibles of our brethren upon the sand and even then no two would agree what to write. So let us take a lesson to the living from our honor to the dead.

"We have engraved three new names upon the marble tablet since our meeting a year ago: Charles M. Bliss, William P. Young, E. M. P. Brister, all men of sterling worth and honor, who in every walk of life were clean, intelligent and sympathetic; who can say more? Death is the great leveler. It humbles the exalted and exalts the humble."

"Charles M. Bliss was a man of sterling qualities, dignified, courteous, honest and sincere.

"In his early life and till mature manhood he was afflicted with a grievous habit which destroyed his usefulness and made him a burden to his friends. This fault he conquered and lived many years a clean, sober and pure life, loved and respected by all who knew him, and his life furnishes an example to us. He conquered himself, and the words of the sage of old should be written on his monument. 'He who conquers himself is greater than he who taketh a city.'

"William P. Young had many sterling qualities. I first knew him as clerk of our courts. He was always courteous and painstaking, ever ready to help those needing his help, never complaining and so thorough and reliable was he that we thought we could never find one to fill his place or do his work, certainly not as he did it, with such thoroughness and affability. In all his subsequent employment he carried the same spirit and the same thoroughness.

"Such men are rare. Add to this a clean life, a sober mind and you have virtues very exceptional.

"E. M. P. Brister we all knew so well. He was a judge of the probate court when he died and had filled other positions of honor and usefulness. He was greatly devoted to this order, was one of its first Exalted Rulers. He took great pains and supreme pleasure in inculcating the principle of our order.

"Bro. Brister was a self-made man with polished mind, widely read in all branches of literature and learning and was a ready and polished speaker.

"In late years he devoted his energies to the department of this official duties which lead to the improvement of the social conditions of the young people of the community. Thus giving his energies to the bettering of his fellowman.

"Than this there is no higher or nobler work this world affords.

"To smooth the rough roads of life, to point to a higher aim and lead the young in the way of clean living and higher thinking is building monuments more enduring than marble. Add to this a clean life with high ideals, and who can say more.

"Foibles and faults he had like all of us.

"But let us not seek their merits to disclose. Nor draw their frailties from their dead above.

Where they alike in trembling hope repose,

In the bosom of their father and their good."

"Upon this tablet is now written twenty names, each of whom we honor without distinction or difference. But let me say concerning them all that if each one to whom these honored dead had done an act of kindness in this world should place a flower upon this tablet, inscribed with their names, it would lie tonight buried beneath a bower of roses."

At the conclusion of Mr. Stasel's eloquent address the quartet sang "I Sing of the Home Land," and Dr. Baker then announced that it was with a feeling of pride and great pleasure that he could introduce a Past Grand Exalted Ruler of Elks, the Hon. John Galvin of Cincinnati, who would deliver the memorial address.

Mr. Galvin is an attorney and president of the City Council. He is eloquent, graceful and a forceful speaker. His address was undoubtedly one of the best ever delivered at a similar occurrence and as he drew beautiful word pictures and comparisons his audience sat spell bound. Mr. Galvin is an orator of note and graceful sentences couched in the best and purest of English flowed from his lips with rapidity and ease. Mr. Galvin, among other things spoke of immortality of the soul and used as a simile a legend almost grand beyond description and which held the rapid attention of every auditor. He closed by quoting a pretty poem.

The quartet sang "Beautiful Isle" and after the closing services of the lodge the audience joined in singing the Doxology, which was followed by the benediction by Rev. Mr. Franklin.

## HEBRON MAN'S NARROW ESCAPE FROM INJURY

Cogwheel Broke Just as Hand Was Being Drawn Into Corn Shredder.—P. O. Clerk Resigns.

Hebron, O., Dec. 3.—Jesse Stotter, a farm hand employed by F. Z. Neel, on the Bower farm, near here, narrowly escaped losing one of his arms and possibly his life while shredding fodder. He was feeding the machine and his hand was being drawn into the cylinder when his coat became entangled in a cogwheel, breaking the wheel and throwing the machine out of gear. These machines are very dangerous and one cannot be too careful while operating them.

Miss Vesta Strawn, who for some time past has been an efficient clerk in the Cash store and postoffice here, has resigned her position and has accepted a position as bookkeeper in the A. L. Norton bookstore, in Newark.

William Morris, a young farmer residing near the Buckeye Lake, met with an accident Saturday which resulted in his receiving very painful injuries. He was feeding his horses when one of them began pawing, his hoof striking Morris on the arm and badly injuring it. He will be unable to use the member for several days.

Mrs. Clara Evans and daughter Katie of Granville and Mrs. Sarah Thomas of Canada, visited Mrs. Minnie Jones here for a short time.

A Yuletide event of considerable interest is contained in the announcement that Mrs. Chestara McDonald will appear before a Hebron audience on the evening of Thursday, Dec. 22. The Hebron high school teachers have arranged with Mrs. Carr, teacher of elocution in the Rio Grande college and a reader and entertainer of much renown, to give a varied program of her readings.

The December meeting of the W. C. T. U. will be held at the home of Mrs. E. Kirk on the evening of Tuesday, Dec. 13. The following is the program: "Scientific Studies in Alcohol," Mrs. M. W. Huffman; "The Science of the Bible," Mrs. J. H. Tivener; roll call, Scripture texts.

After a heavy meal, take a couple of Doan's Regulets, and give your stomach, liver and bowels the help they will need. Regulets bring easy, regular passages of the bowels.

## ADVICE YOU HAVE HEARD VERY OFTEN

It sounds like an old joke in vaudeville to hear "shop early." But it is no joke; it is a serious matter. Now the stocks are fresh and full—the stockpeople enthusiastic and eager. Now you get the pick of things, better service and are not "rushed to death."

## COMMITTEE HAS POSTPONED VISIT

The committee which was appointed Friday afternoon at the meeting of the board of managers and trustees of the City Hospital had arranged today to visit the Everett home corner of Buena Vista and Indiana street, which Mr. Everett had donated for hospital purposes.

However, after consulting, the committee found that Mrs. Everett had the keys of the home and the visit will have to be postponed until Mrs. Everett, who is in Washington, can be communicated with.

## MARRIED BY JUSTICE HORTON.

Clement C. L. Keaser and Miss Rosa L. Barcus came to the city on Monday and were married by Justice G. W. Horton, in the presence of a number of friends who accompanied them. They will make their home in Mary Ann township.

## NEW CON GAME DISCOVERED BY NEW YORKERS

New York, Dec. 3.—The police have discovered a new con game. Two women and a tall guy play the game and then the women take it all. Here is how it works. One of the women loses her garter, a beautiful circlet with a stone which makes it look valuable. It is lost near the toll gate, she picks it up and returns it. The owner blushes prettily and steps into a hallway to replace it. Her friend showers thanks on the f. g., then in a spirit of fun she offers him an orange as a reward. He must be game and eat it right here. He does. When he wakes up an hour later the most taking part of the incident has taken place, and he is lucky if he has a handkerchief.

## Y. M. C. A. NOTES

At the Sunday meeting for boys held yesterday the boys' glee club was reorganized. Some 24 boys started and will meet for their first rehearsal at 8 a. m. next Saturday. The director will be B. F. Stuber, and he is taking hold with enthusiasm. Boys who were members last year and who want to join again should come to the Y. M. C. A. and register at once. Should the number of boys be over 30, it will be necessary to divide into two clubs. Every boy in town who has a voice and who wants the training should bring his name in and as many as come will be listed for the season's work. The meeting was a good one, even though Rev. Mr. Bennett could not come because of a funeral.

Rev. Chas. Laughlin made an address at the meeting of men Sunday. He consented to fill in in an emergency as the speaker for the day was necessarily absent. The men enjoyed hearing him and many went forward at the close to shake hands and greet him. Mr. Laughlin was a leader in the Y. M. C. A. movement at Nelsonville, where a new building was built as a center of work among the miners of that region. He is pastor of the East Main street M. E. church.

Every Monday and Thursday evening the electrical class meets at the Y. M. C. A. As yet there are not quite enough students to make the class the success it ought to be, but many are promising to join and those attending are deeply interested, for Mr. Koehler is an inspiring teacher and enthusiastic in his specialty. The developments in the lines of electricity are so constant that even men who have been years in the business must study all the time to keep up with the procession. Young men who are looking for a career can find nothing more interesting than electricity, and in no line can men find better employment when they are competent and reliable.

## ROMANCE OF LOVERS ENDS IN MARRIAGE

Childhood Sweethearts in Hungary, Parted Several Years Ago, Again United, Married By Mayor Ankele, Saturday.

A romance that had its beginning in far off Hungary many years ago, was culminated Saturday afternoon when Frank Bokunnu and his fiancée, Mary Kiorachane, were united in marriage. The ceremony was performed by Mayor Ankele in his office in the presence of a large gathering of friends of the couple as witnesses.

Long years ago, in his childhood days, Bokunnu met, wooed and won the promise of Miss Kiorachane. The engagement was made indefinite that Bokunnu might come to America with the hope of success. He came to Newark from New York shortly after landing here and began work at the Wehrle Store works, where he is now employed as a molder.

Ten days ago the immigration station at New York gave up a charming little woman, whose face beamed with joy at the early prospect of again meeting the man she loved. The meeting at the railway station in Newark was a real event, but the culmination of the romance proved the most interesting of all.

Immediately following the wedding proper, translated by John Burke, the wedding party repaired to the home of Mrs. Bukkar on Wilson street, where a sumptuous wedding feast was served, several city officials attending as invited guests. At the time the native Hungarian wedding customs were observed with due pomp and interest to the Americans present.

Later in the evening a dance was given at the Bukkar hall on Union street. The couple will make their home in this city.

The groom is considered one of the most prominent members of the local Hungarian colony, and the bride is a graduate and an accomplished linguist.

## ALASKANS BATTLE WITH REDSKINS

Tacoma, Wash., Dec. 3.—A cable message from Fairbanks, Alaska, says several white men have been killed by Indians in the Kantishna mining regions near Mt. McKinley. The United States marshal is reported to be getting up a force to subdue the red skins, who are still on the warpath.

## SIX DAY RACERS ON THEIR WAY

New York, Dec. 3.—The six-day bicycle fan is crowding Madison Square Garden to see the grind of the 15 teams which are entered. The men got away at 12:11 this morning and at the eighth hour 14 teams were tied with 185 miles, 5 miles and 1 lap ahead of the record. The event seems to have gained in popularity this year. If one judges from the number of spectators.

At 2 o'clock the 14 teams remaining in the bike race were tied at 315 miles two laps. The Frankie Belgium team withdrew early.
